1

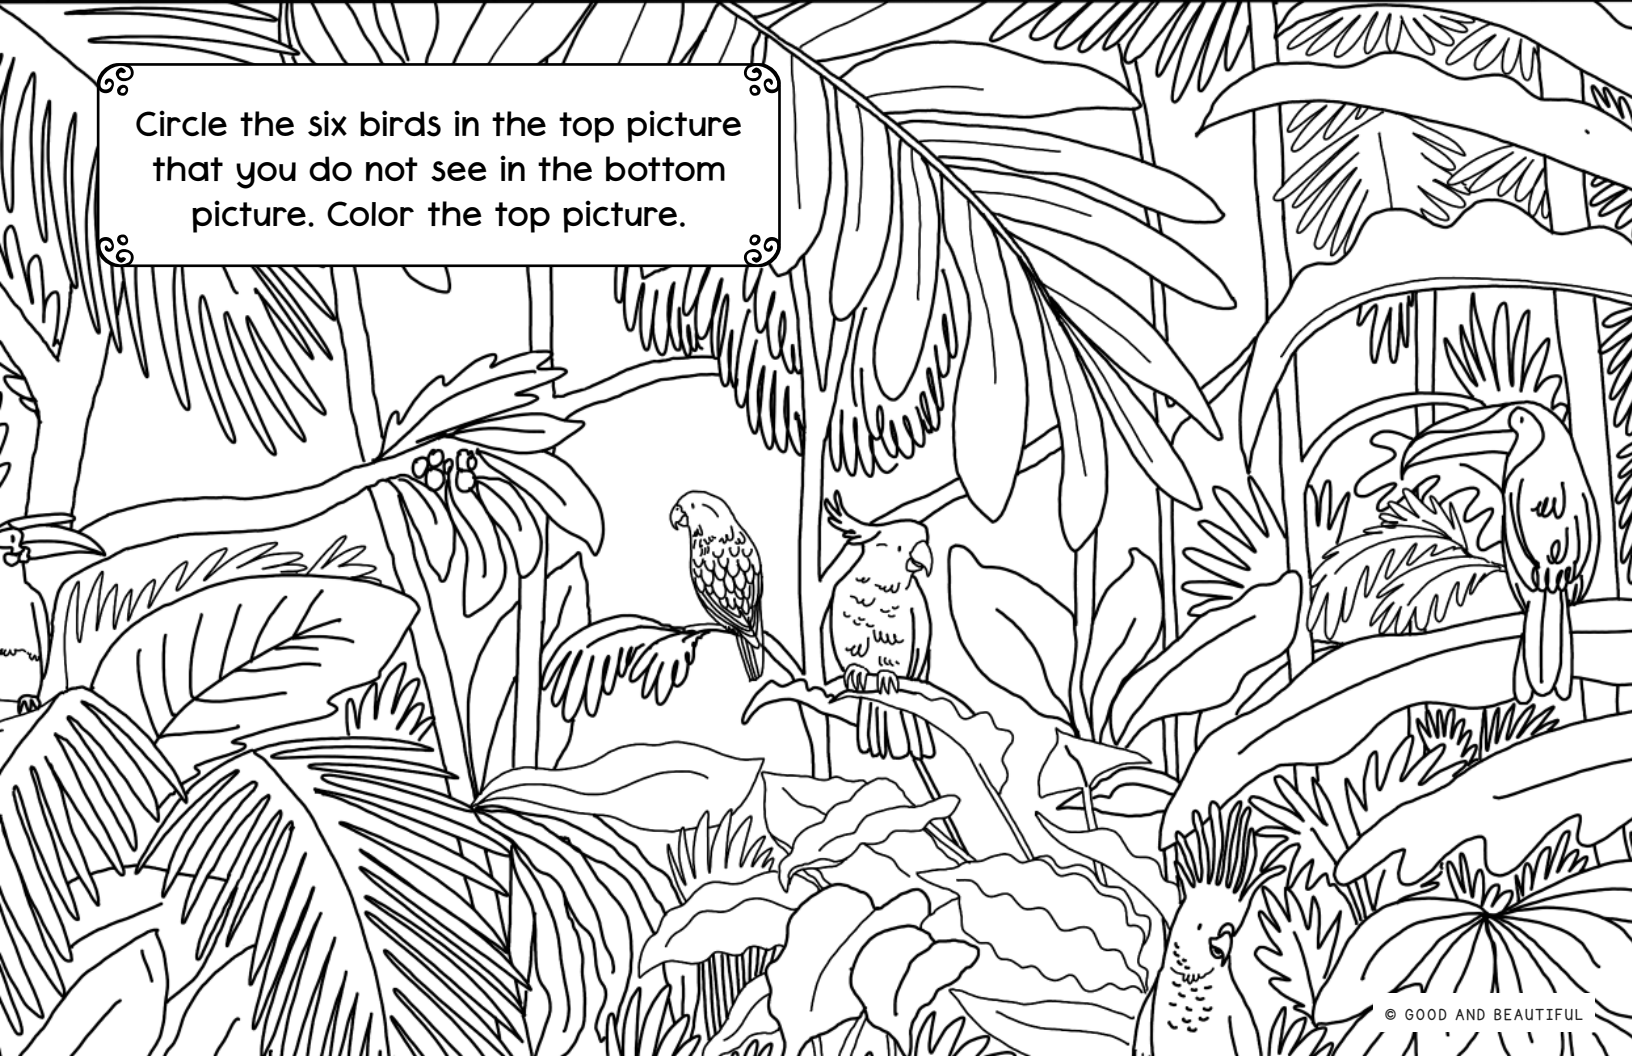

Lesson 12

Circle the six birds in the top picture that you do not see in the bottom picture. Color the top picture.

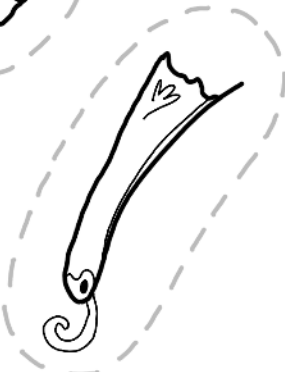

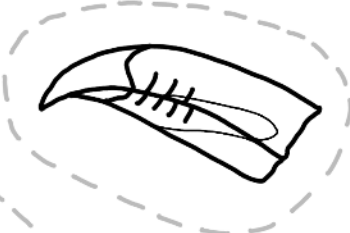

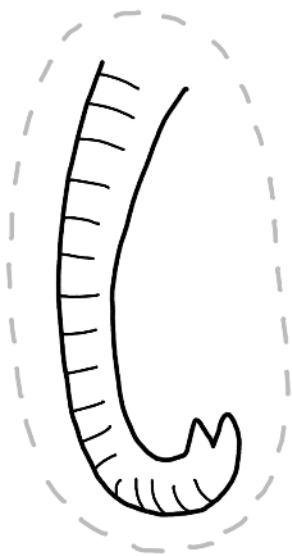

Color the pictures. Cut out the pictures. Tape or paste the pictures in the correct boxes.

### Bird Beaks

### Not Bird Beaks

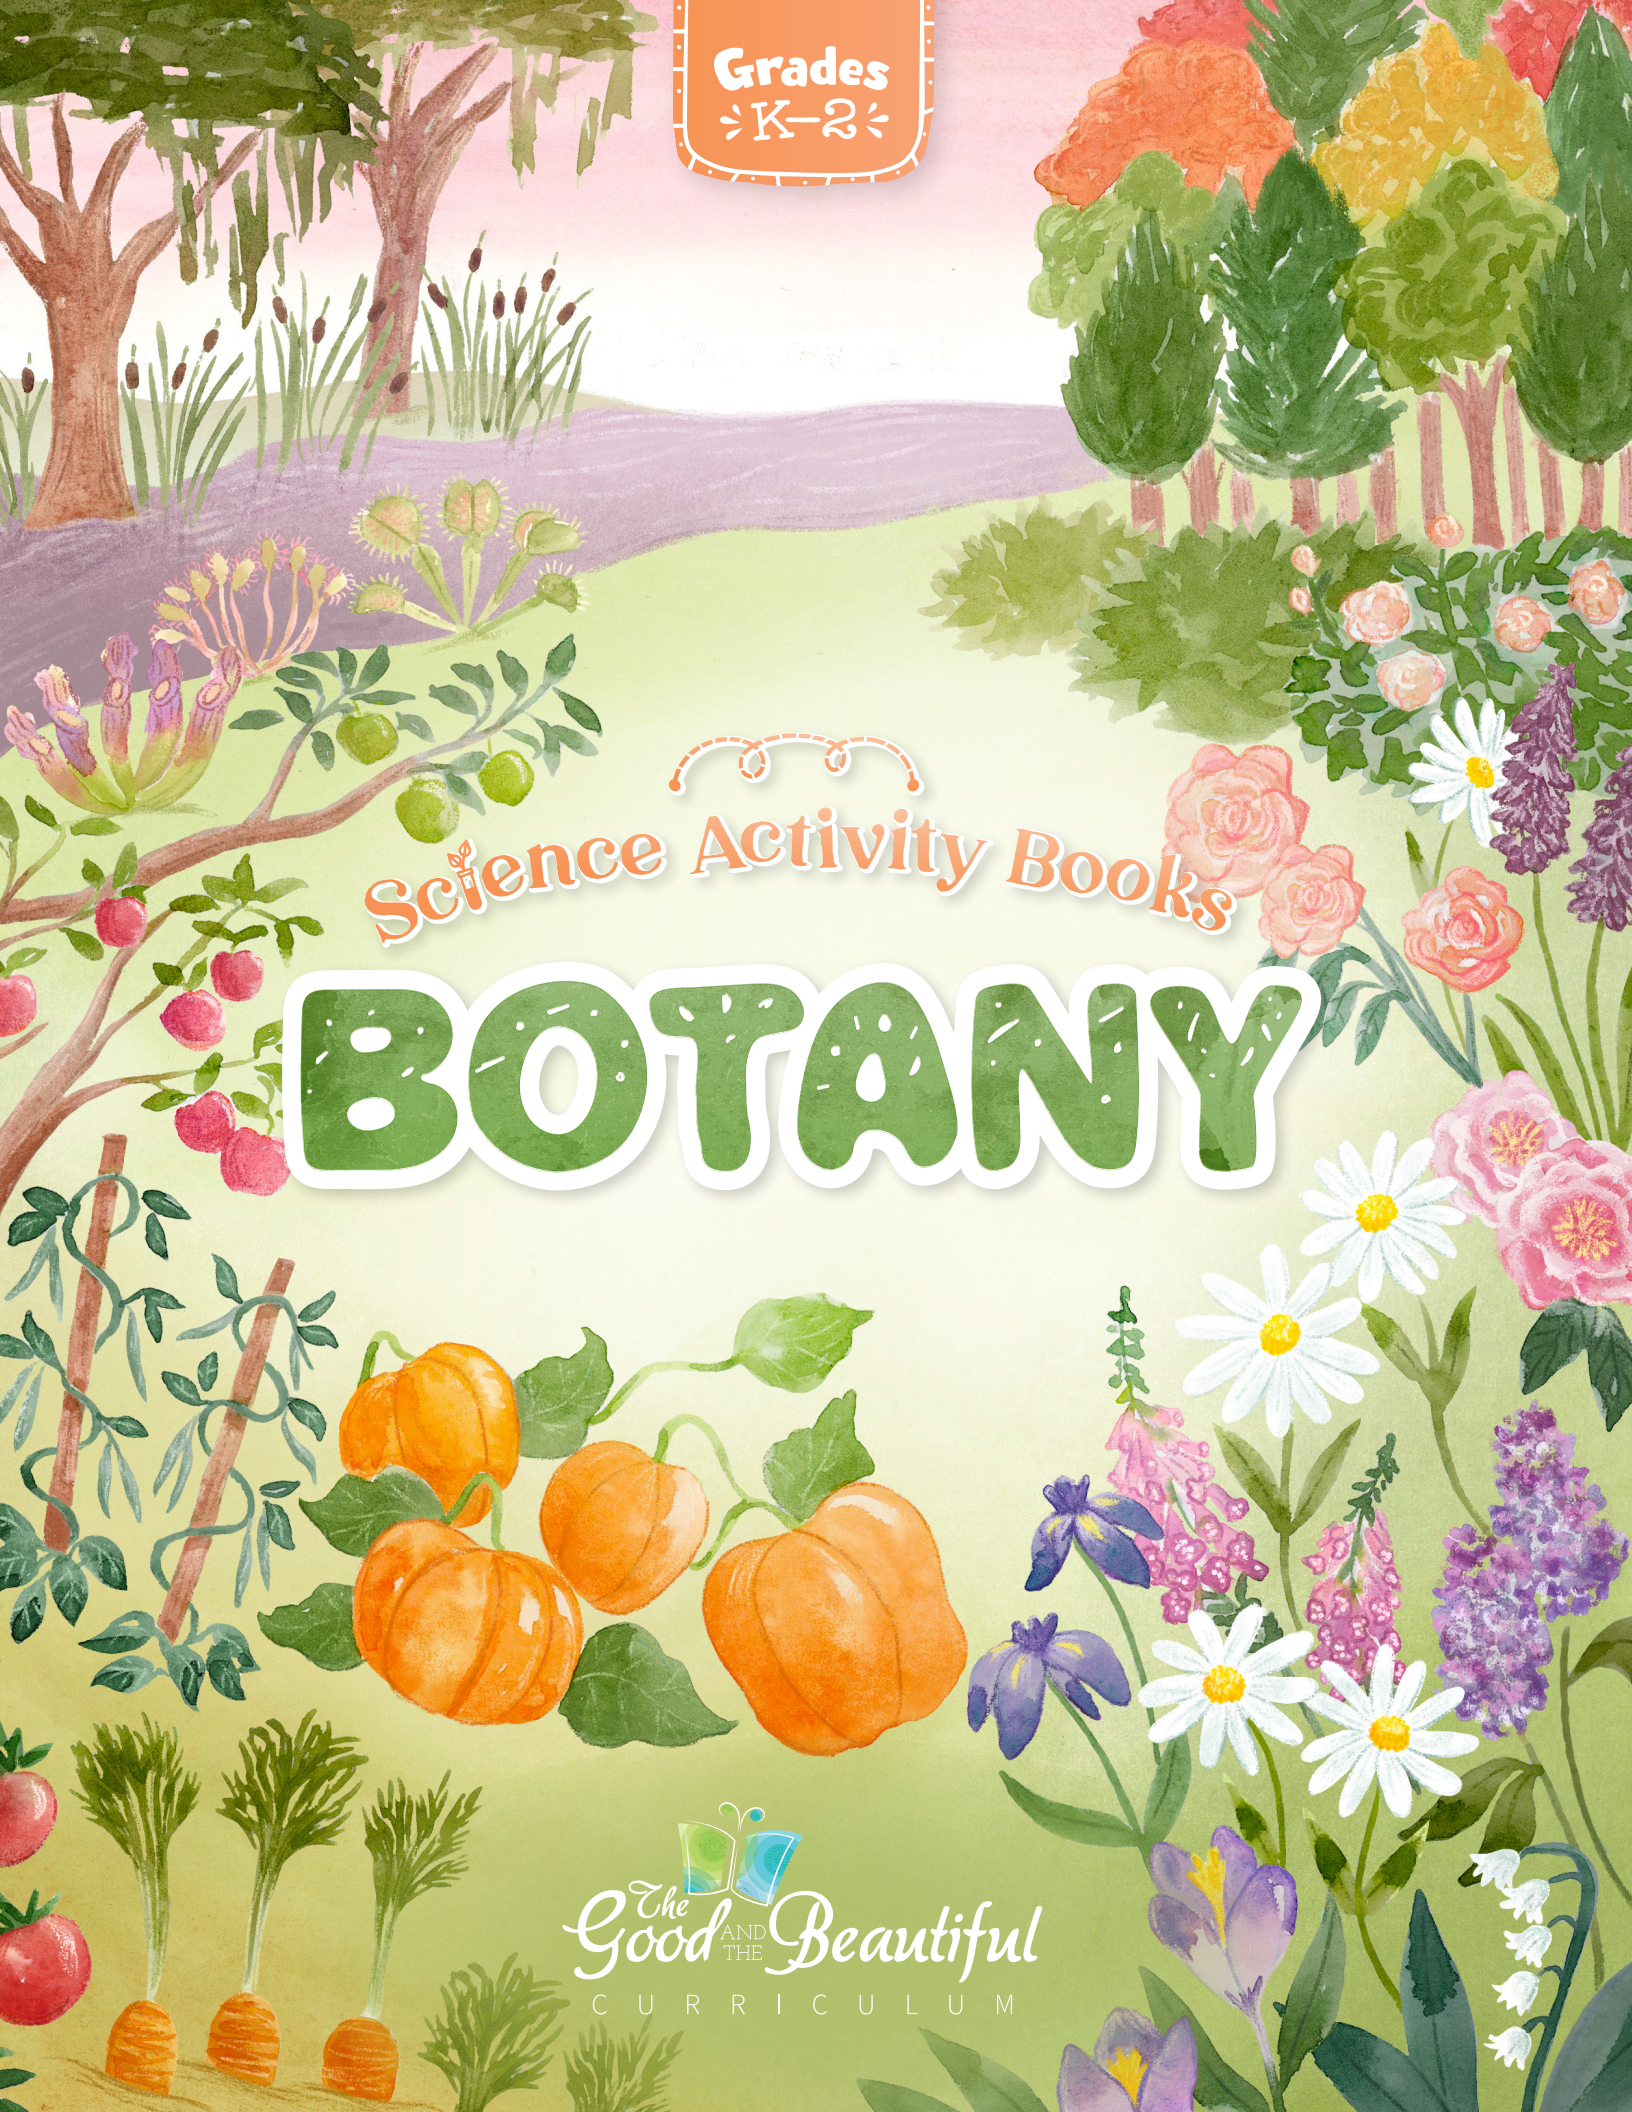

Grades  
K-2

Science Activity Books

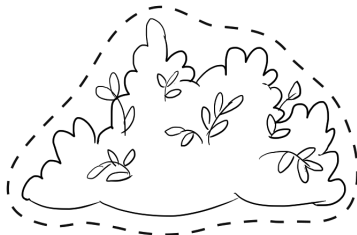

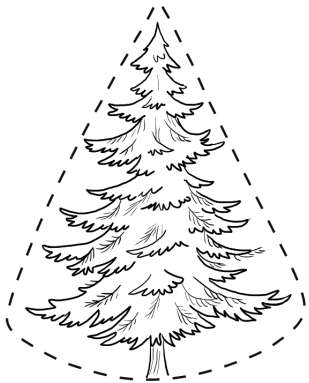

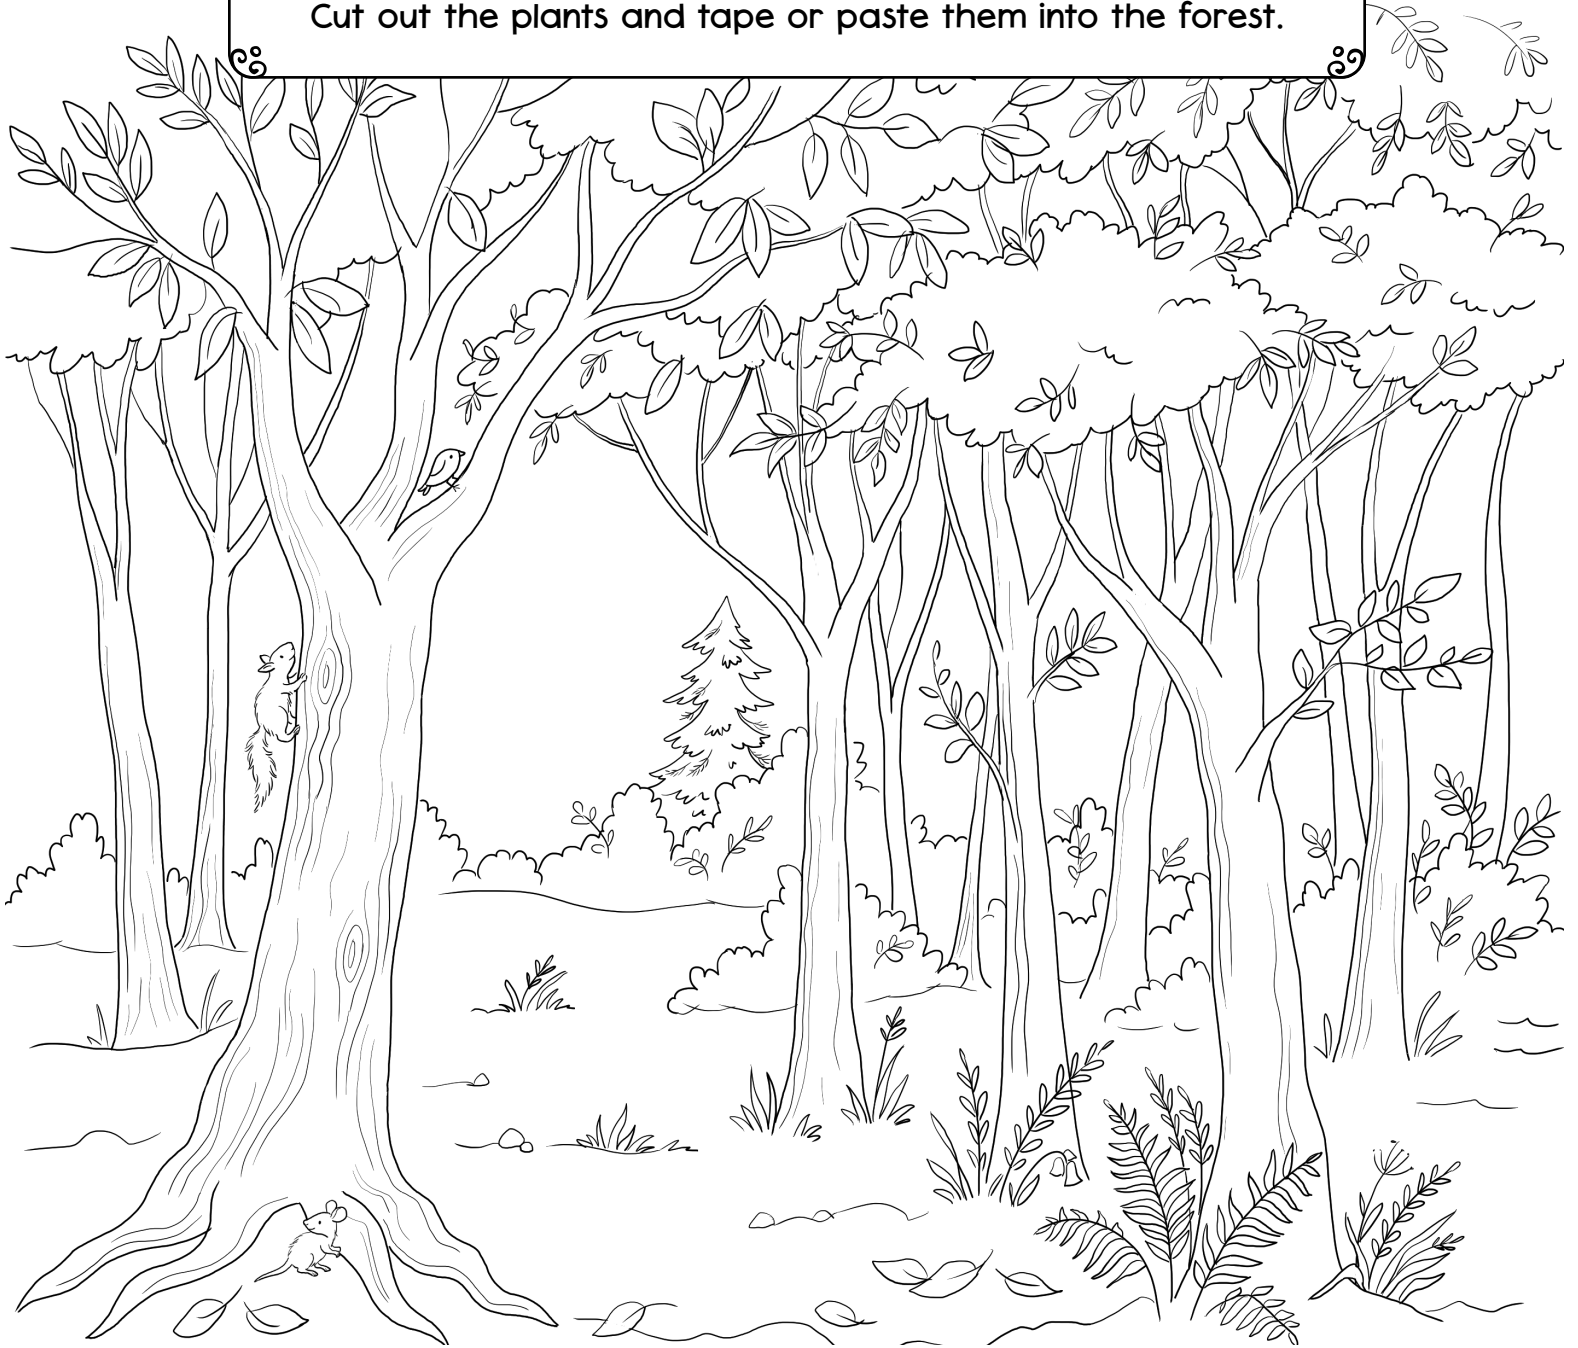

# BOTANY

The Good AND THE Beautiful  
CURRICULUM

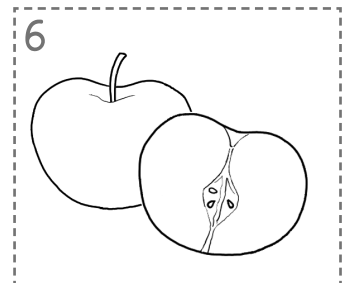

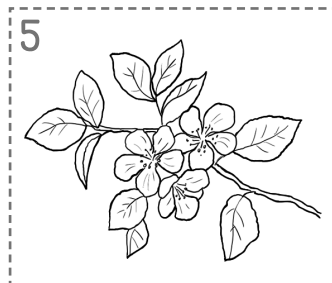

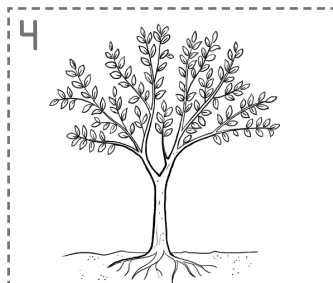

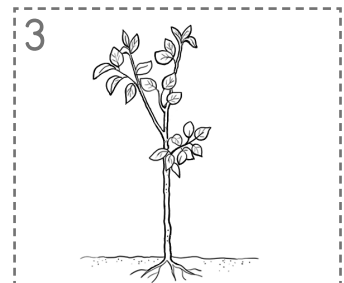

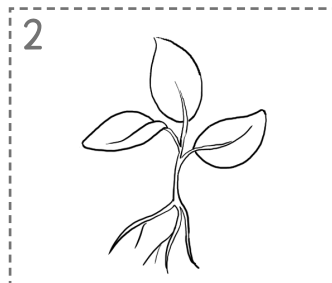

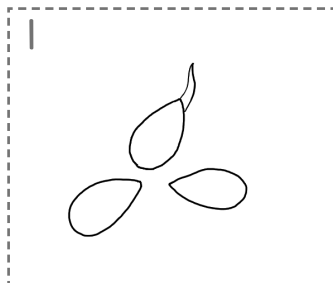

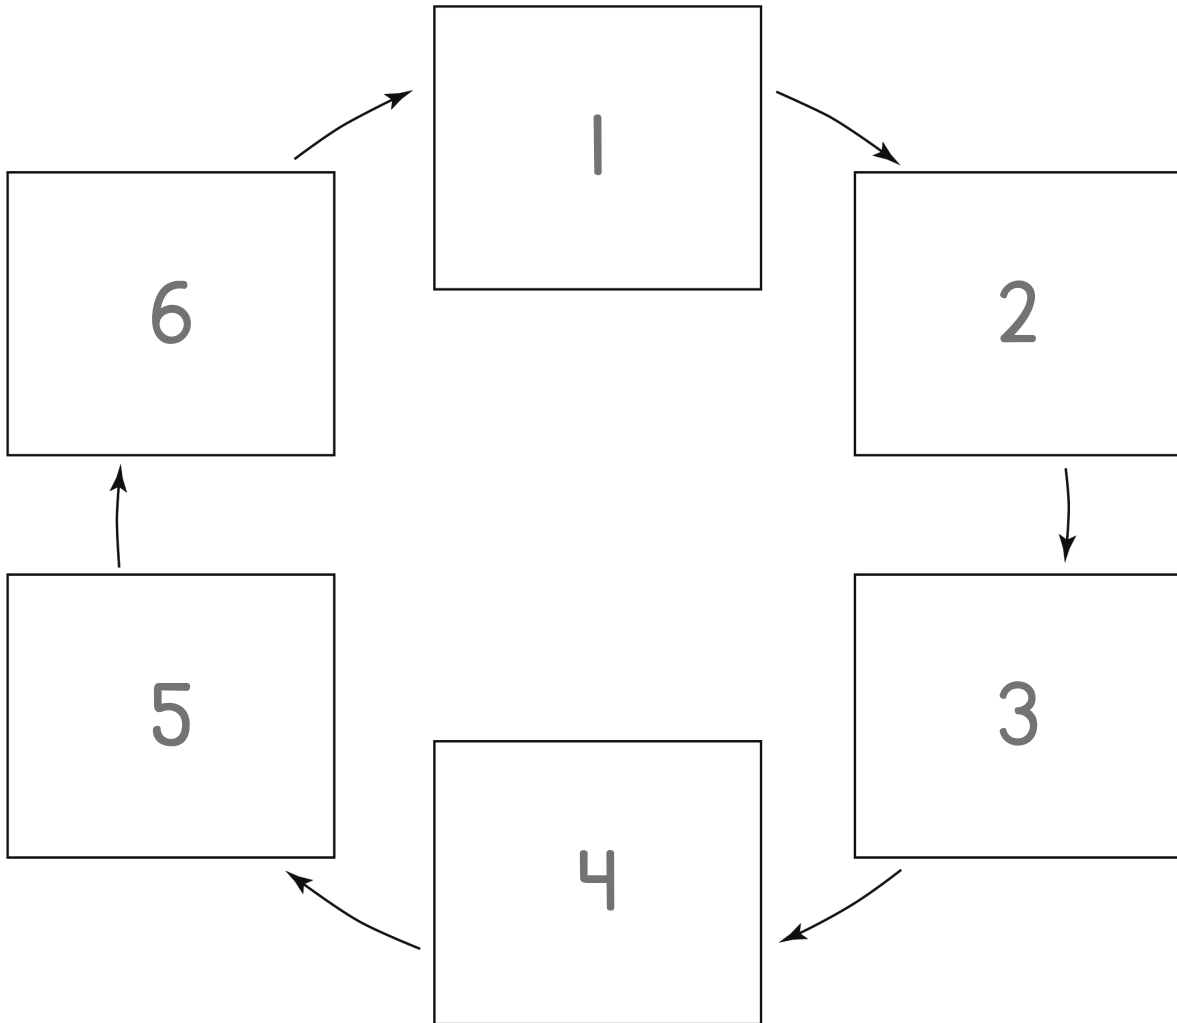

Color the forest. Color the plants at the bottom of the page.  
Cut out the plants and tape or paste them into the forest.

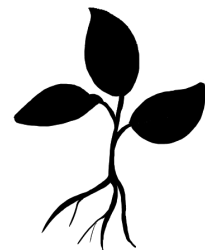

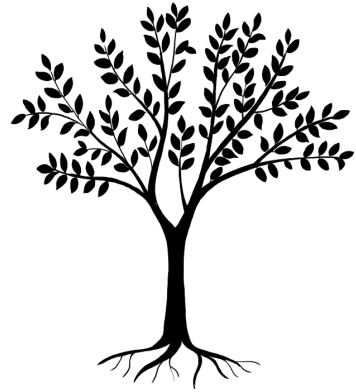

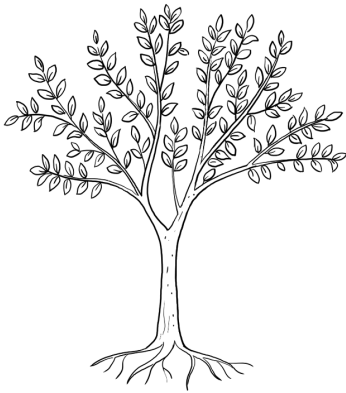

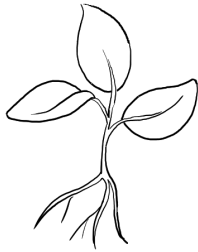

# Lesson 2

Color the pictures in the boxes at the bottom of the page. Cut out the boxes. Tape or paste the boxes in the correctly numbered squares.

Color each step in an apple tree's life cycle in the left column. Draw a line from each step on the left to its matching shadow on the right.

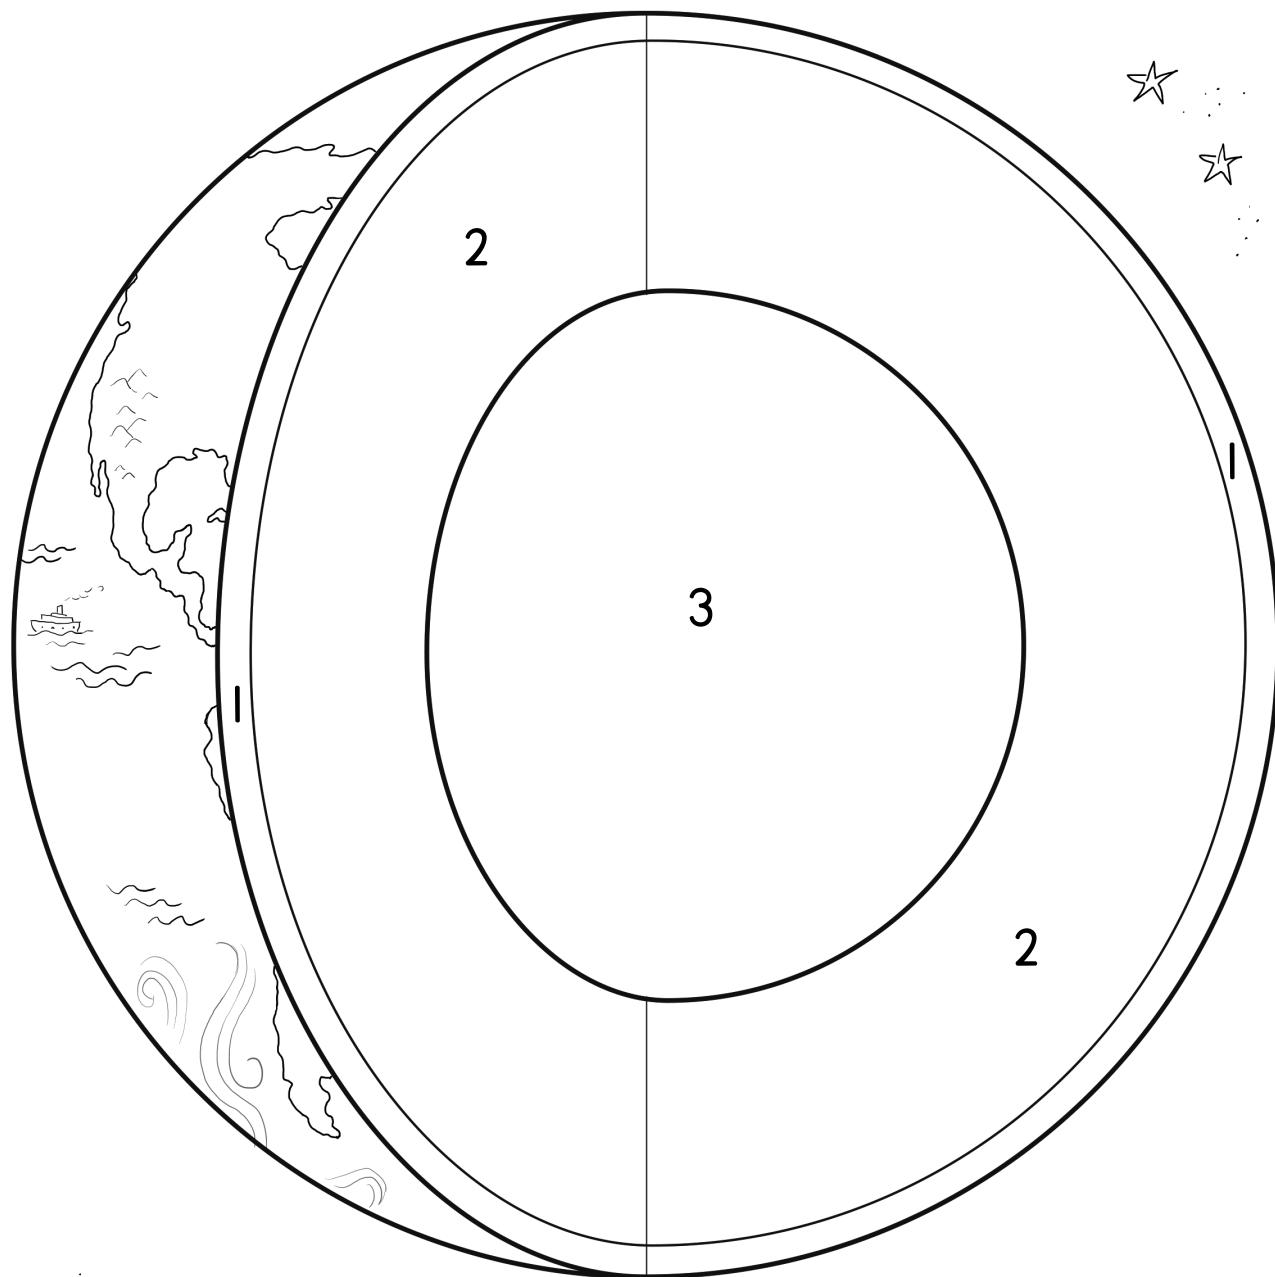

Grades  
K-2

Science Activity Books

# GEOLOGY

Color the layers of Earth. Color sections with a 1 green. Color sections with a 2 blue. Color sections with a 3 red. Parent tip: Color the images of the crayons with the correct colors for the child to refer to.

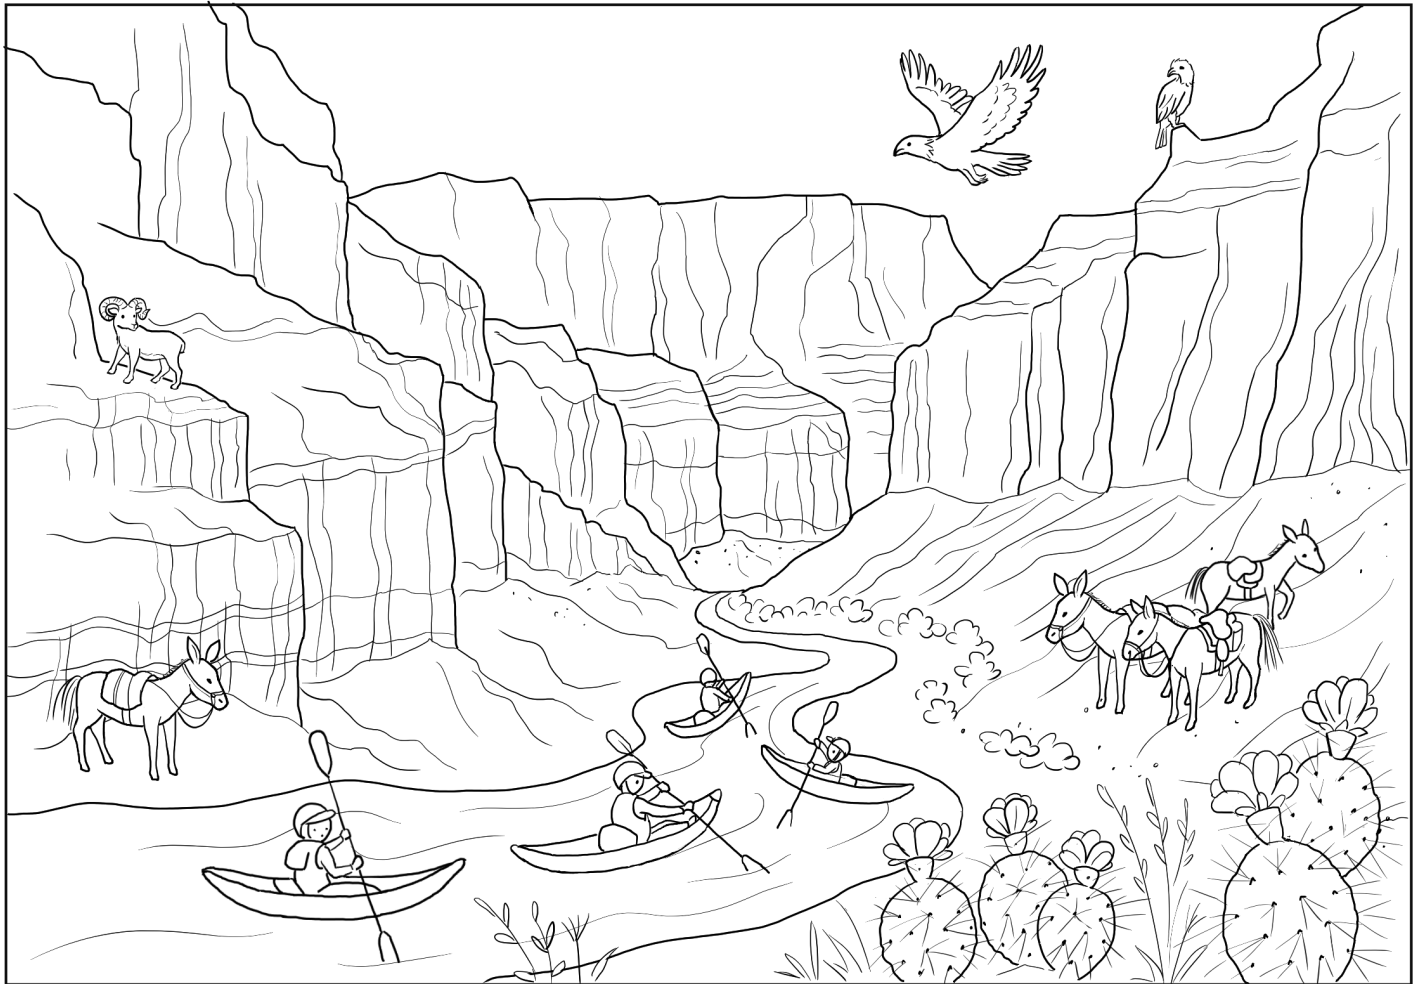

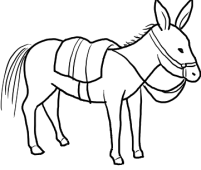

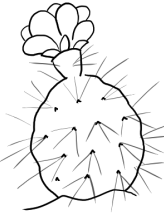

Connect the dots to complete the two buildings. Color the city.

Look at the items on the chart at the bottom of the page. Color one box below each item every time you find it in the picture. Color the picture.

Grades  
K-2

Science Activity Books

# MAMMALS

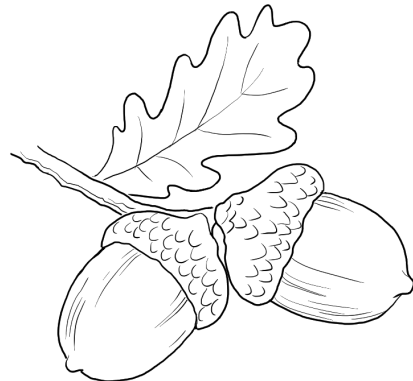

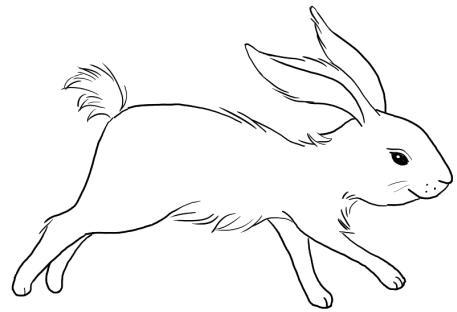

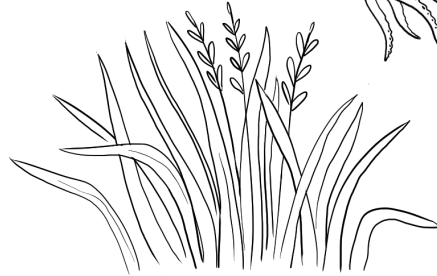

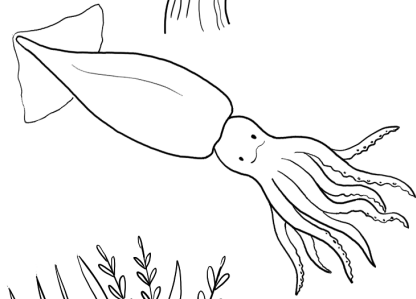

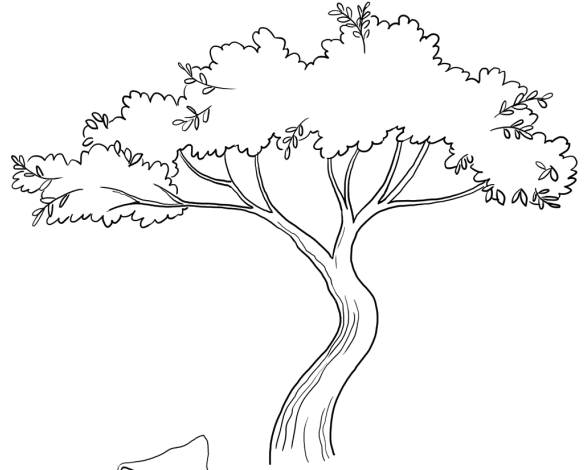

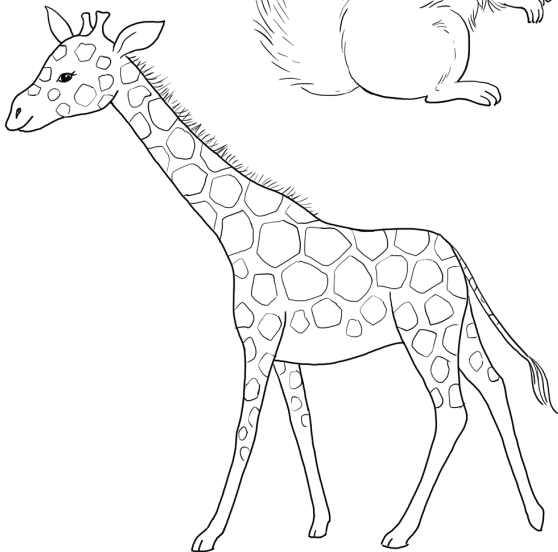

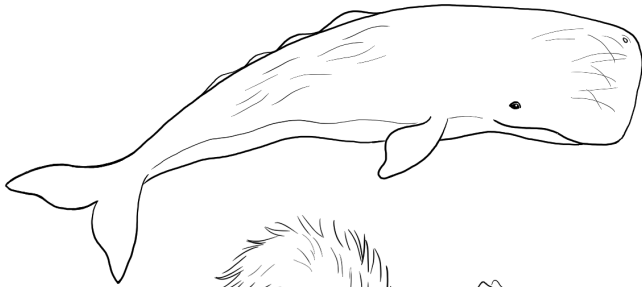

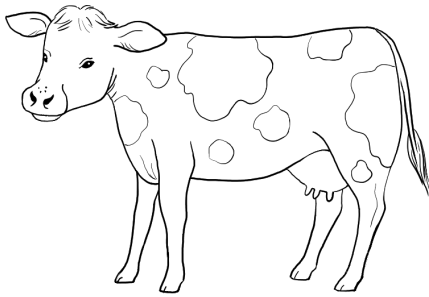

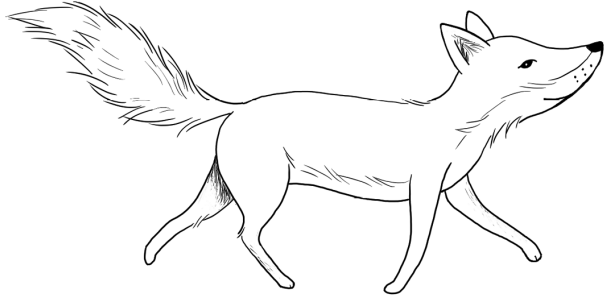

The Good AND THE Beautiful  
CURRICULUM

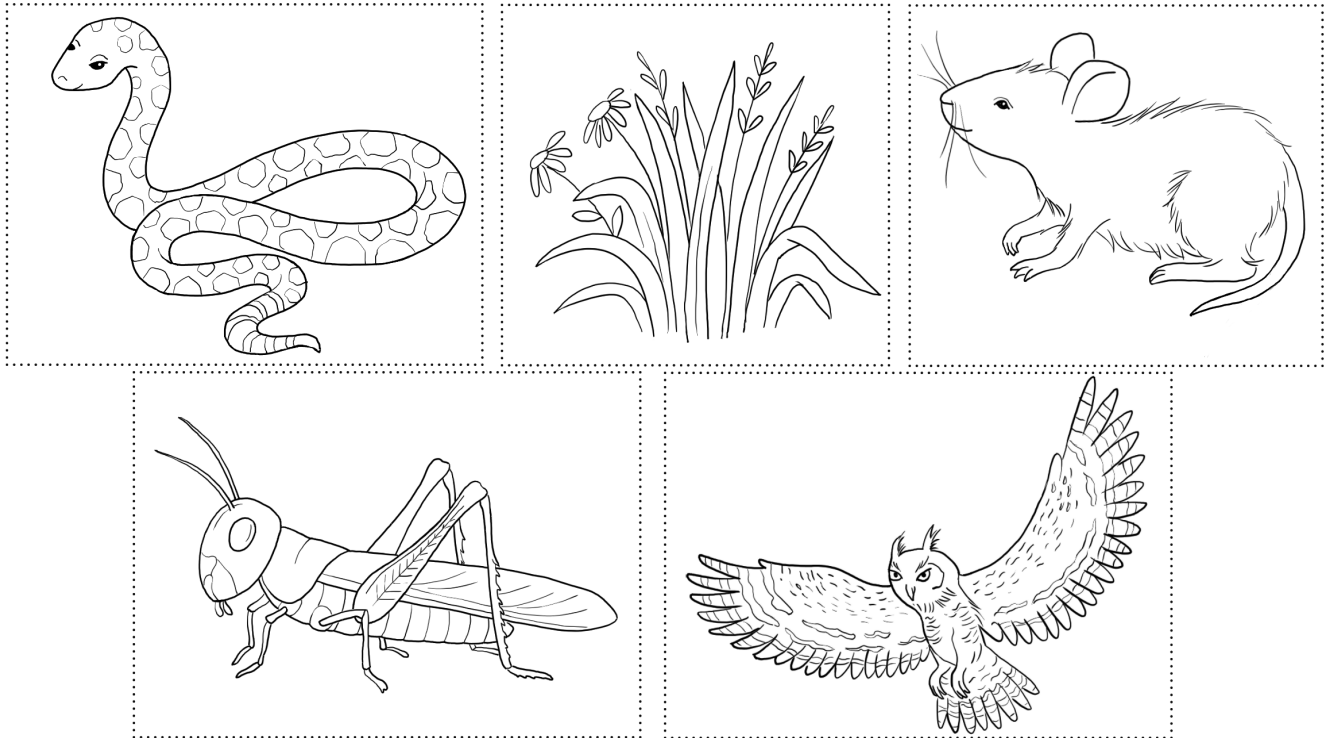

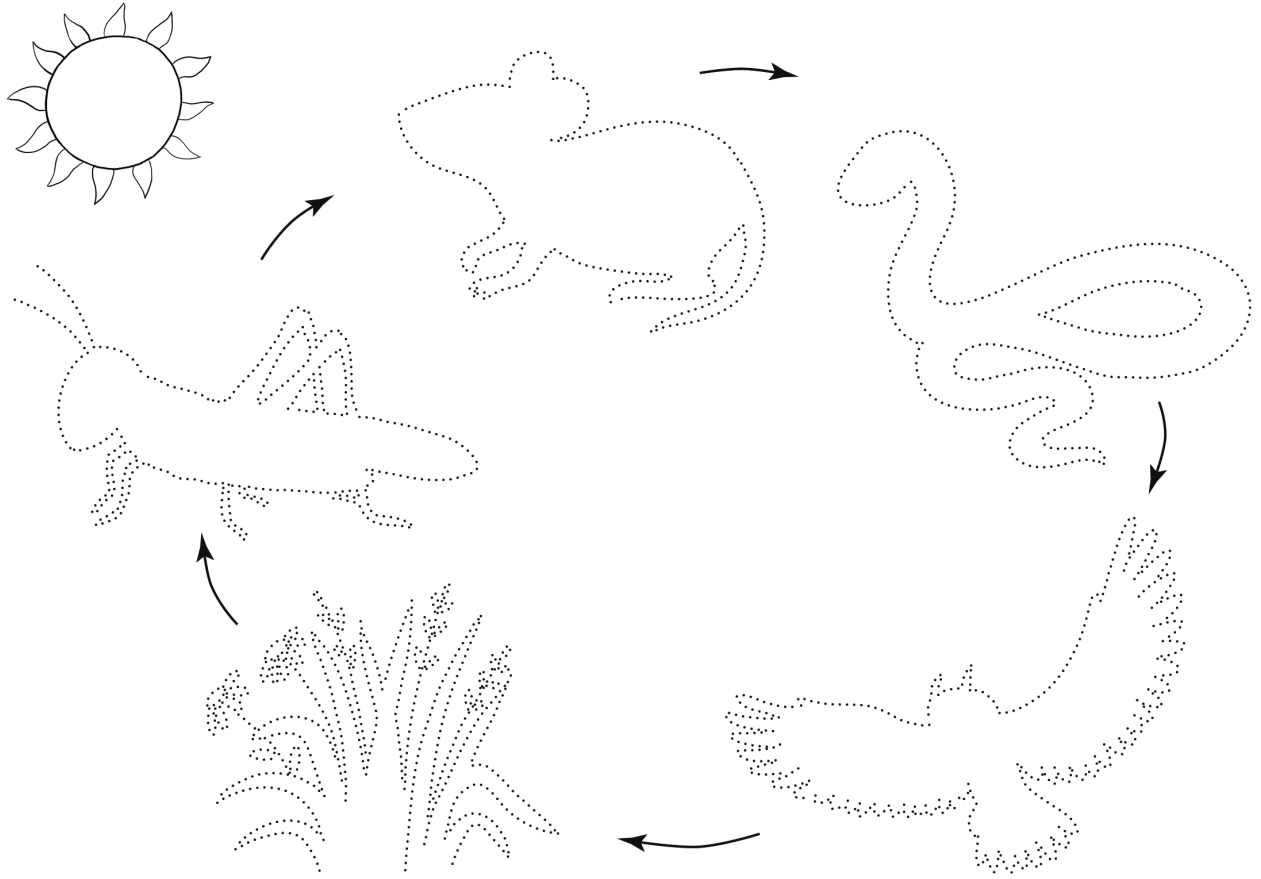

Lesson 1

Draw a line from each mammal to the food it eats. Color the pictures.

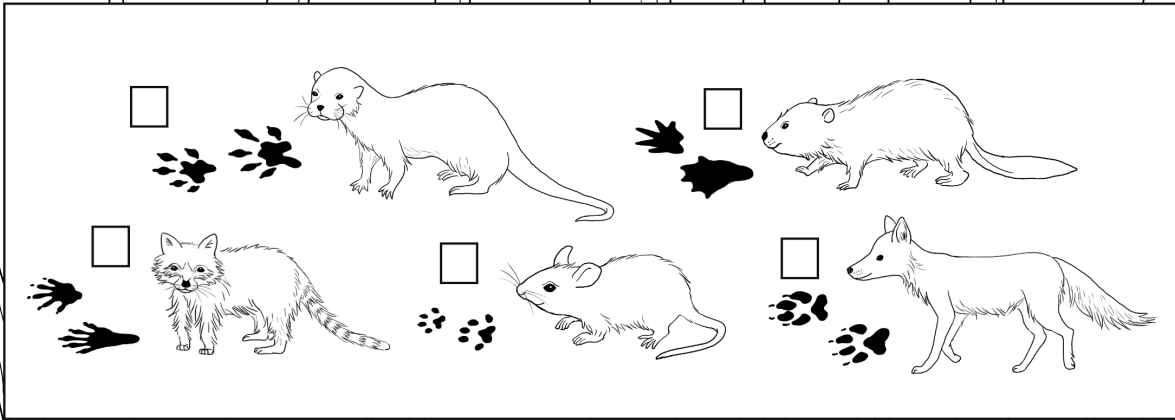

Color the animals in the boxes. Cut out the boxes and tape or paste each animal where it goes in the food chain.

# Lesson 8

Find each animal's tracks in the picture below and place a check in the box. Color the picture.

Grades  
K-2

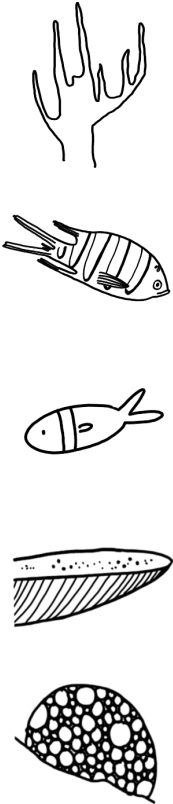

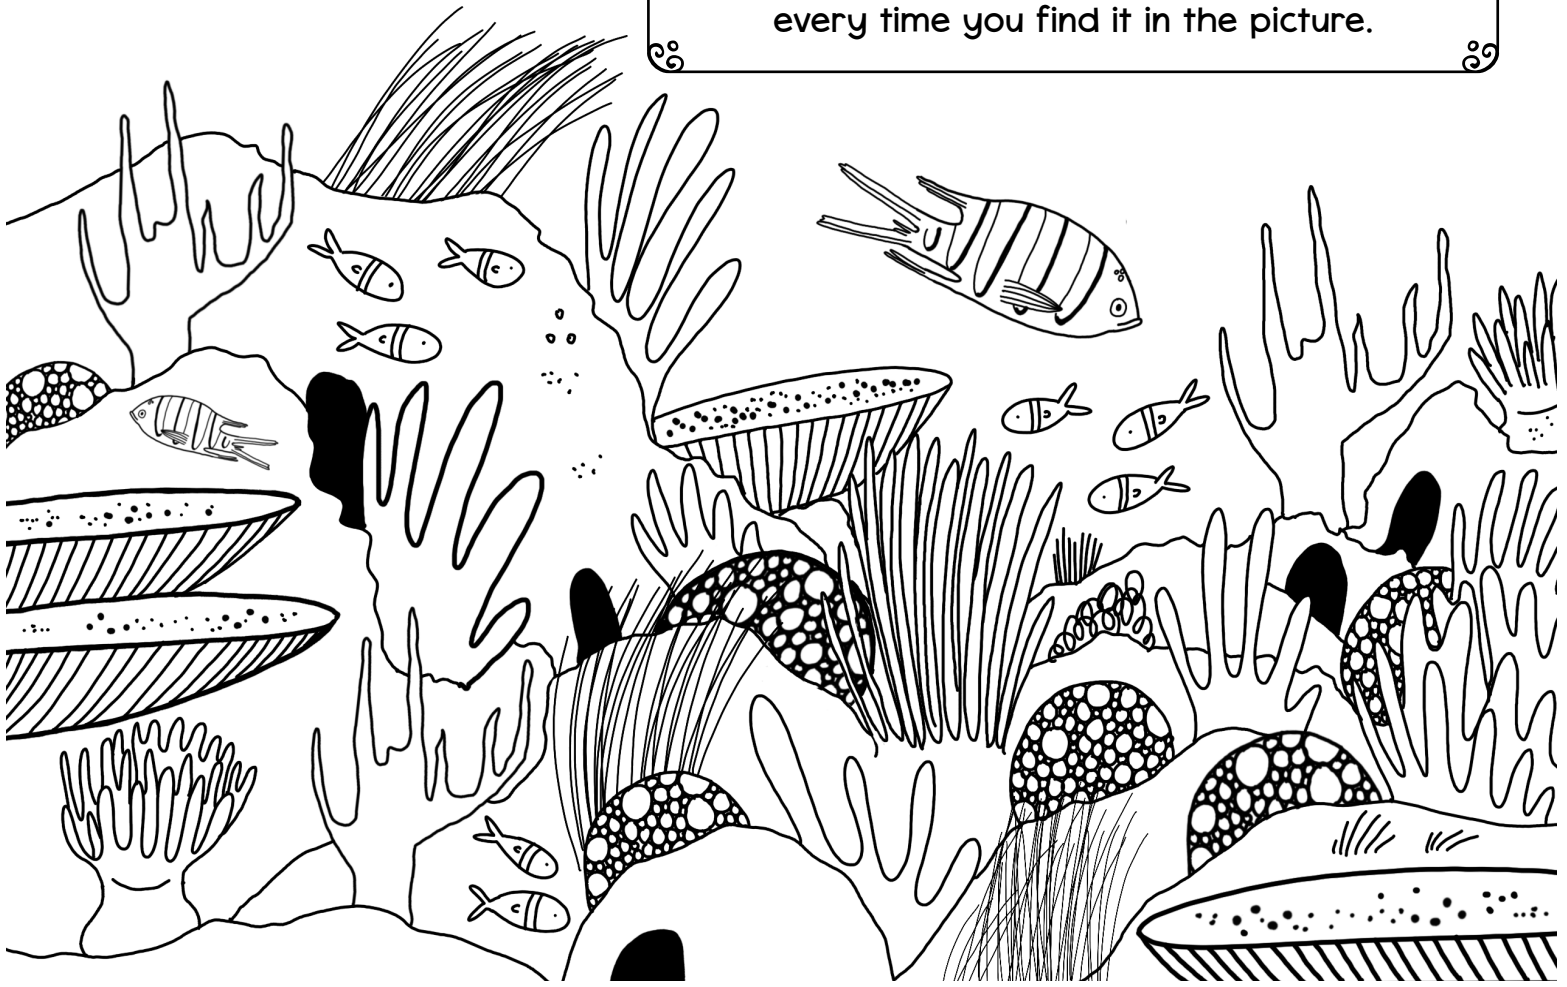

Science Activity Books

# MARINE BIOLOGY

  
The Good AND THE Beautiful  
CURRICULUM

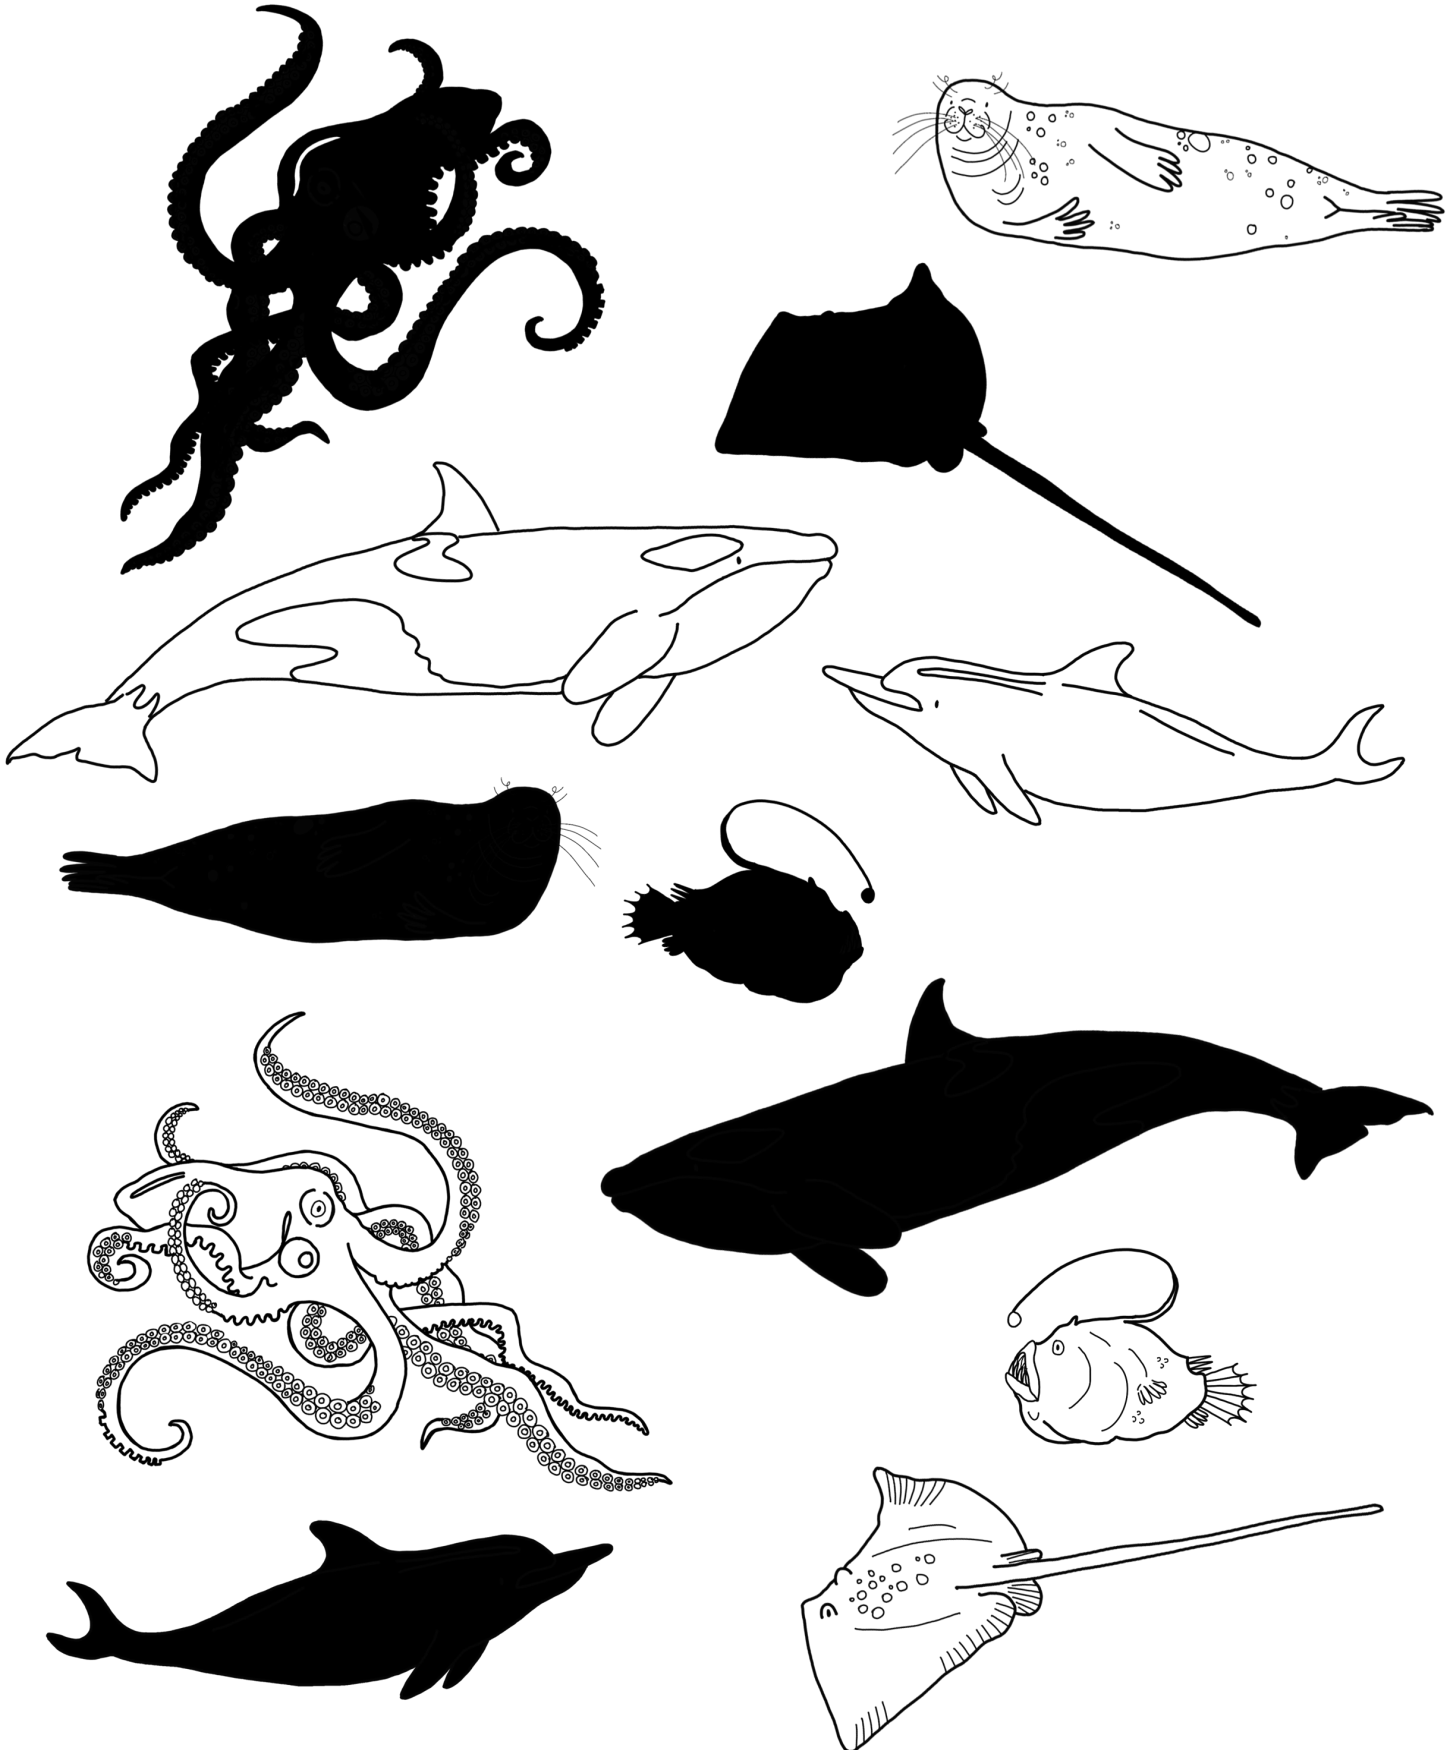

Look at the items on the graph at the bottom of the page. Color one box next to each item every time you find it in the picture.

Lesson 2

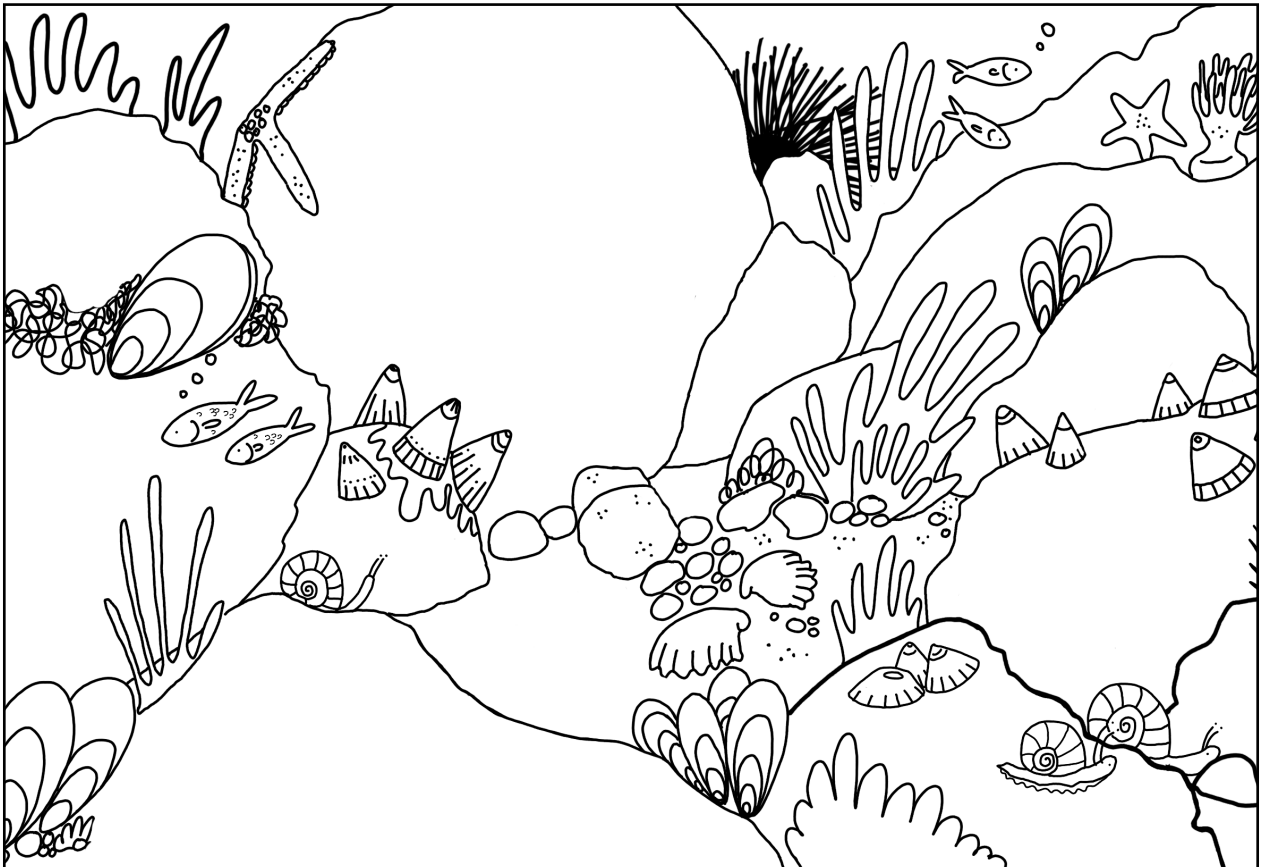

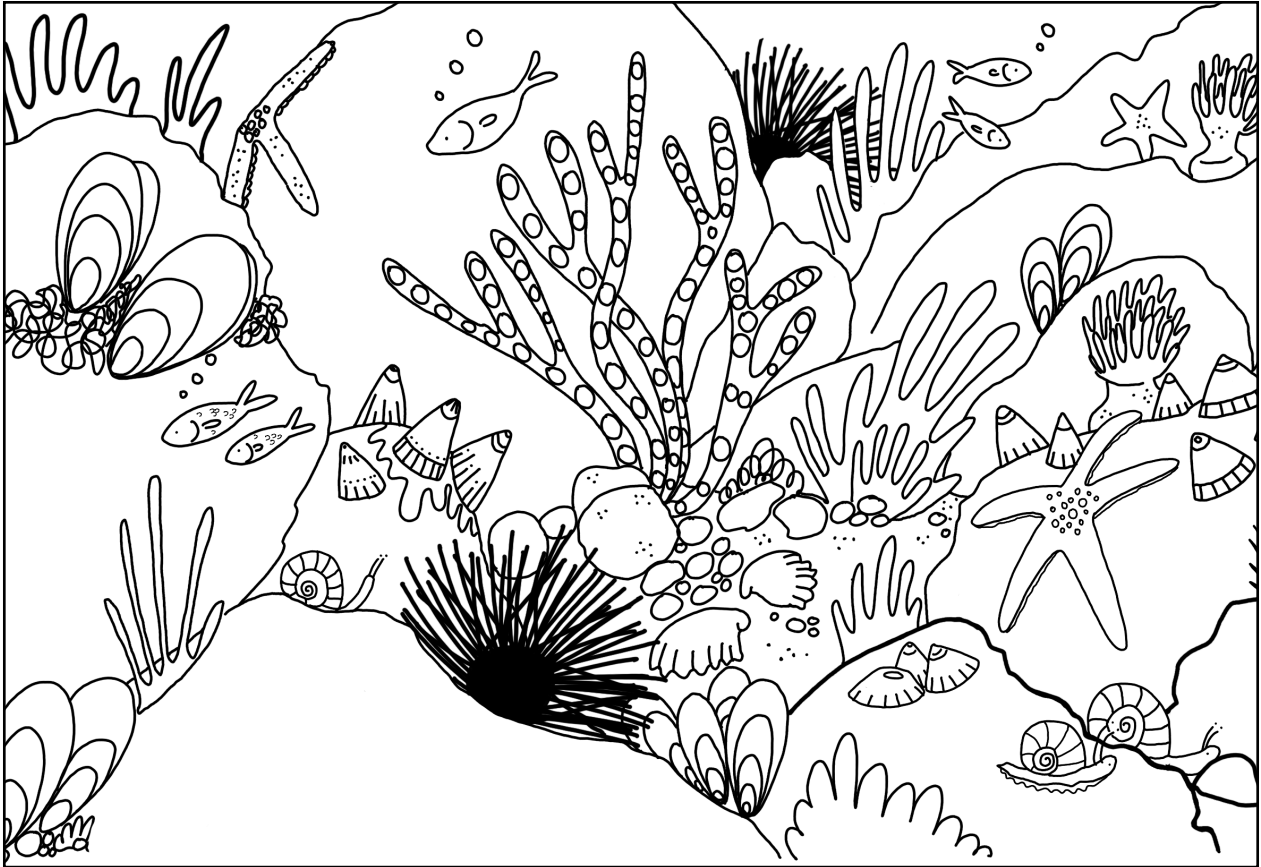

Color each sea creature. Then draw a line from the sea creature to its matching shadow.

Lesson 3

Circle the six items in the top picture that you do not see in the bottom picture. Color the top picture.

Grades  
K-2

Science Activity Books

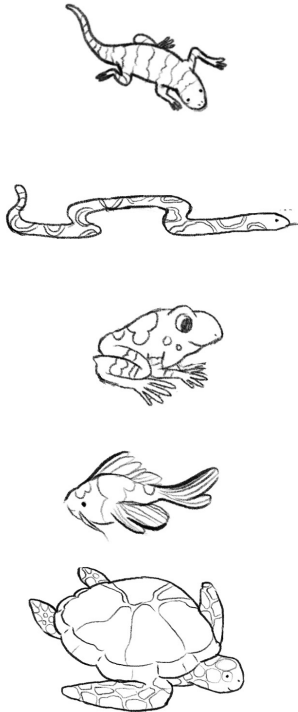

# REPTILES, AMPHIBIANS, AND FISH

  
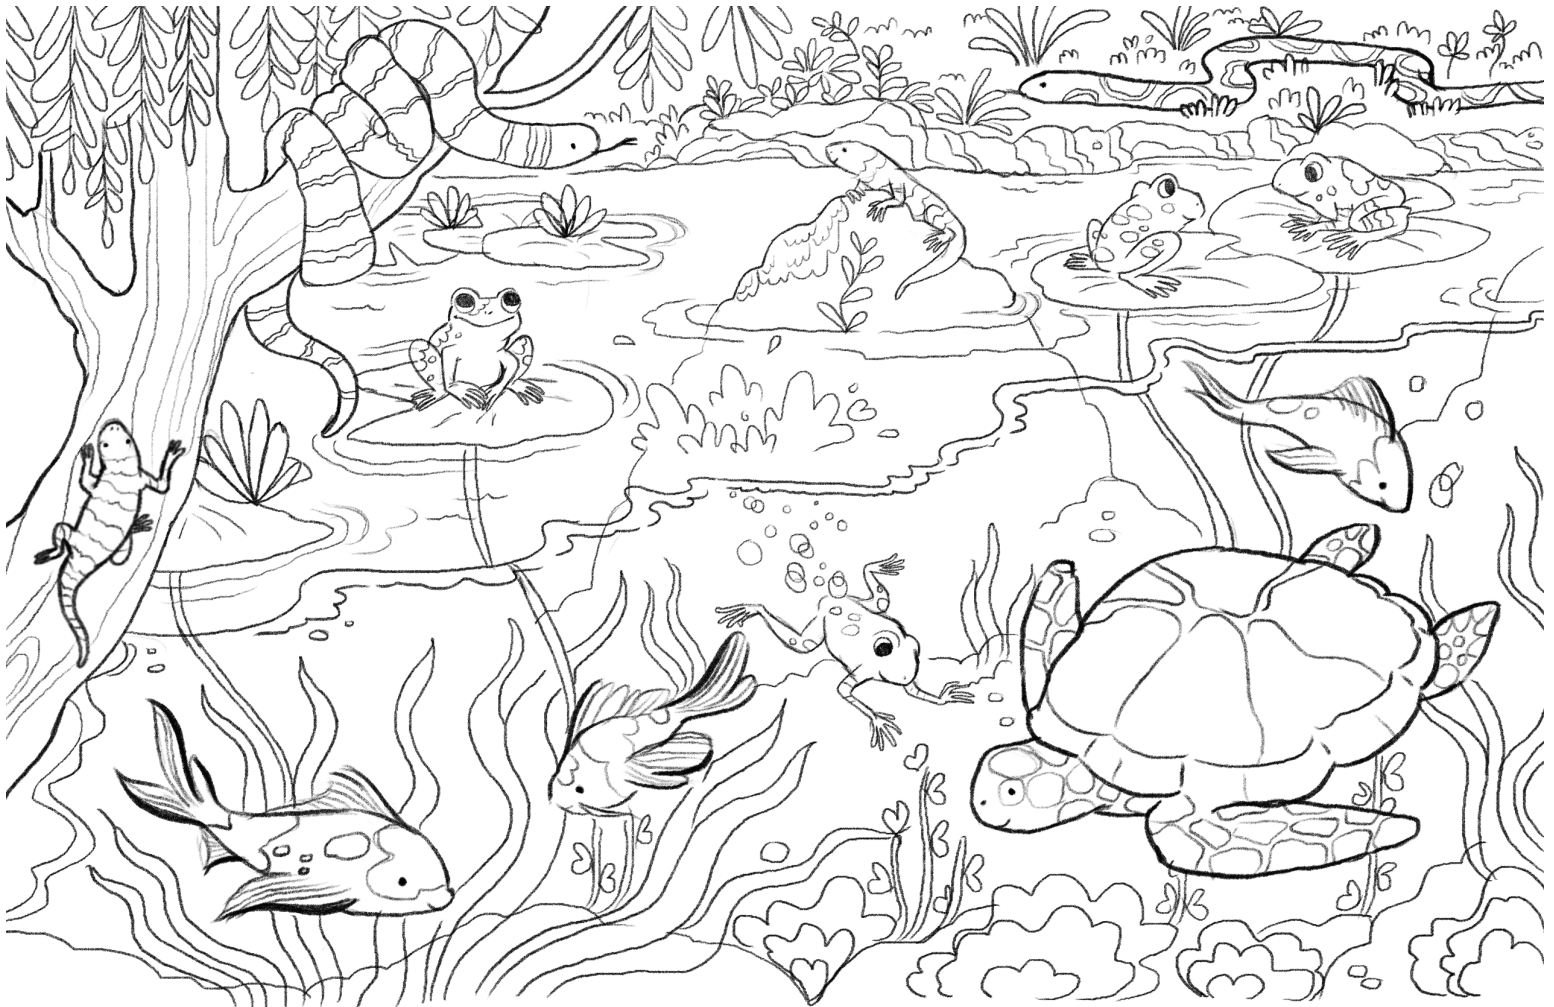

The Good AND THE Beautiful  
CURRICULUM

# Lesson 1

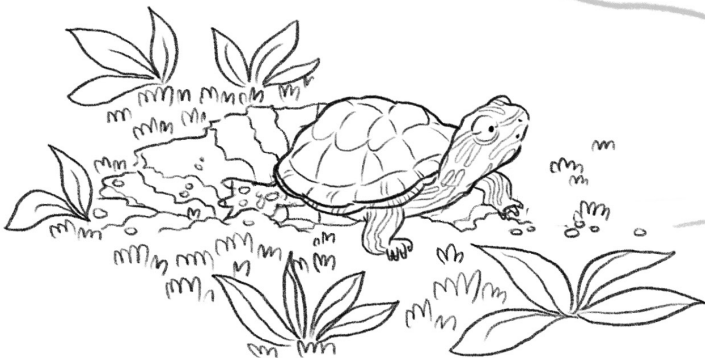

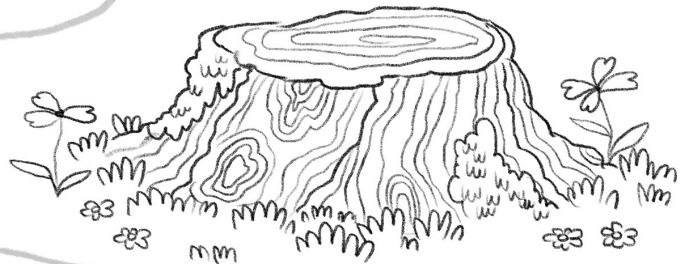

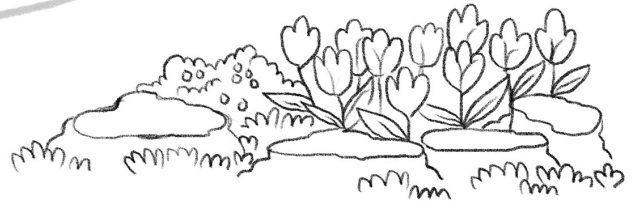

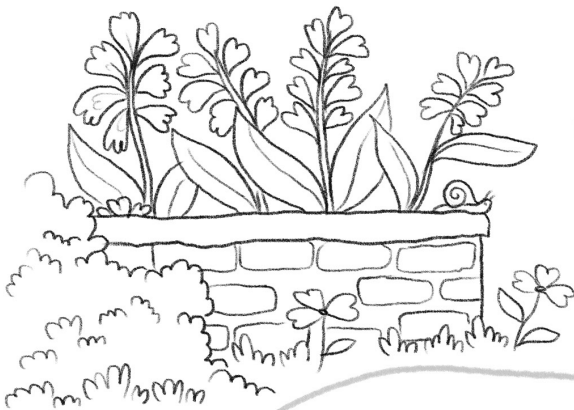

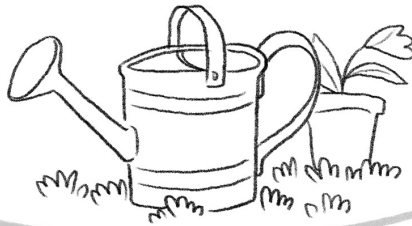

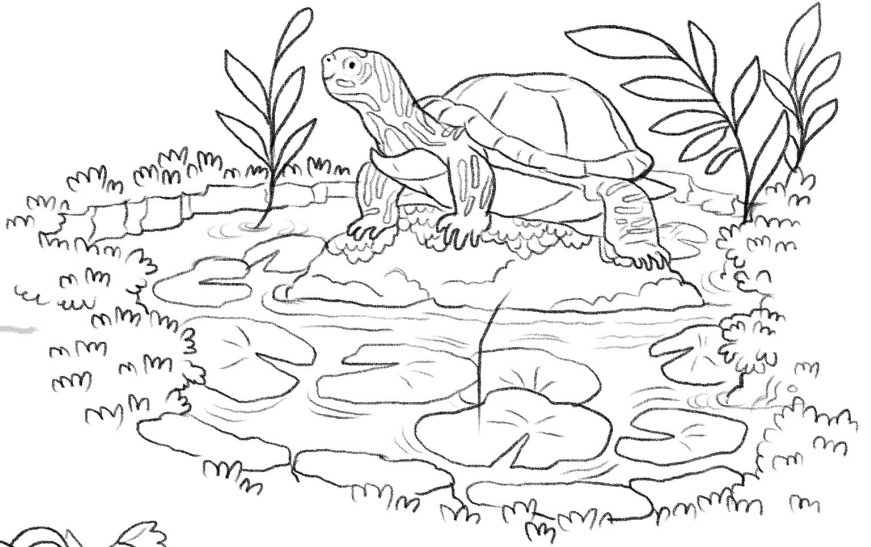

Look at the animals on the graph. Color one box next to each animal every time you find it in the picture at the bottom. Color the picture.

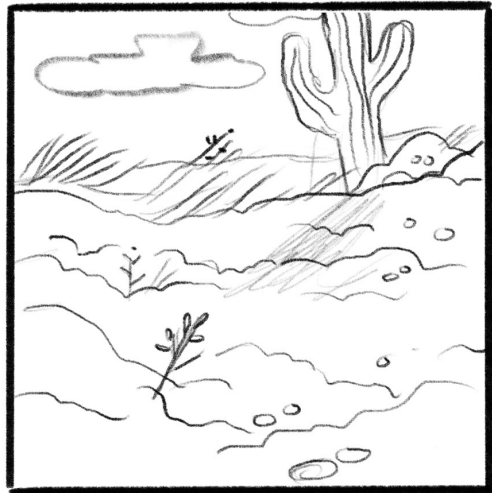

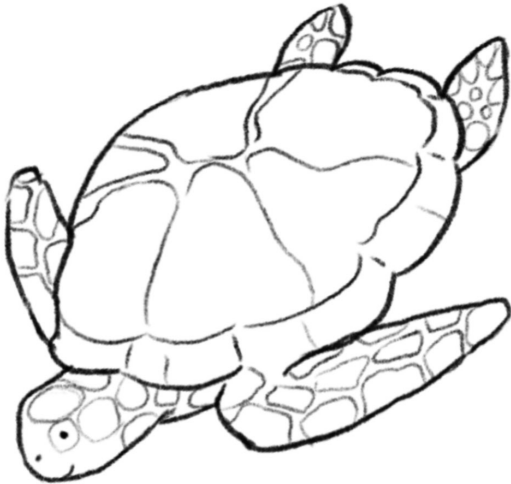

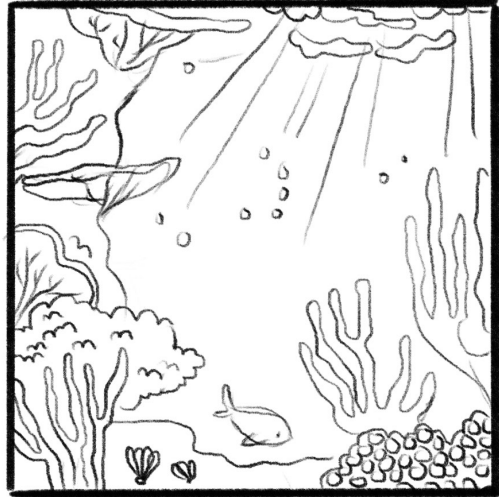

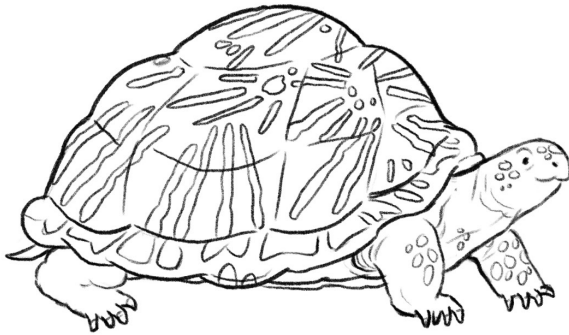

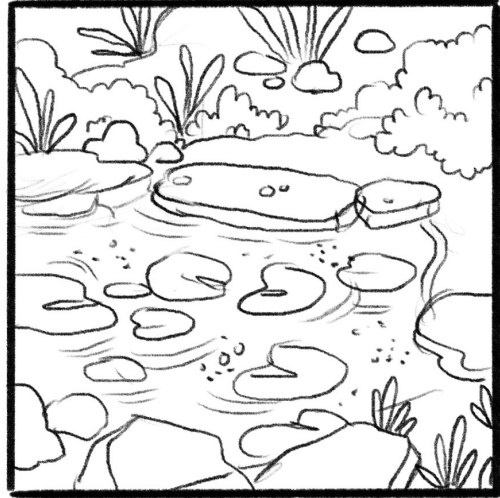

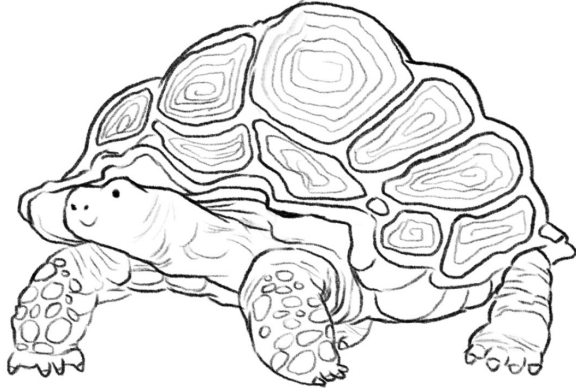

# Lesson 2

Trace the path from the baby turtle at the bottom of the page to its mother at the top of the page. Color the picture.

Draw a line from each turtle to its home. Color the pictures.

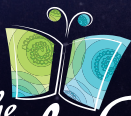

Grades  
K-2

Science Activity Books

# SPACE SCIENCE

  
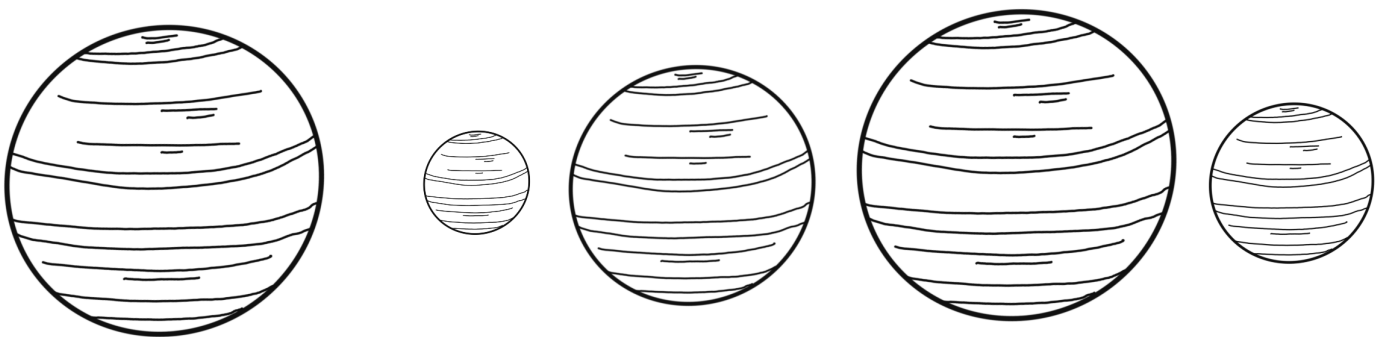

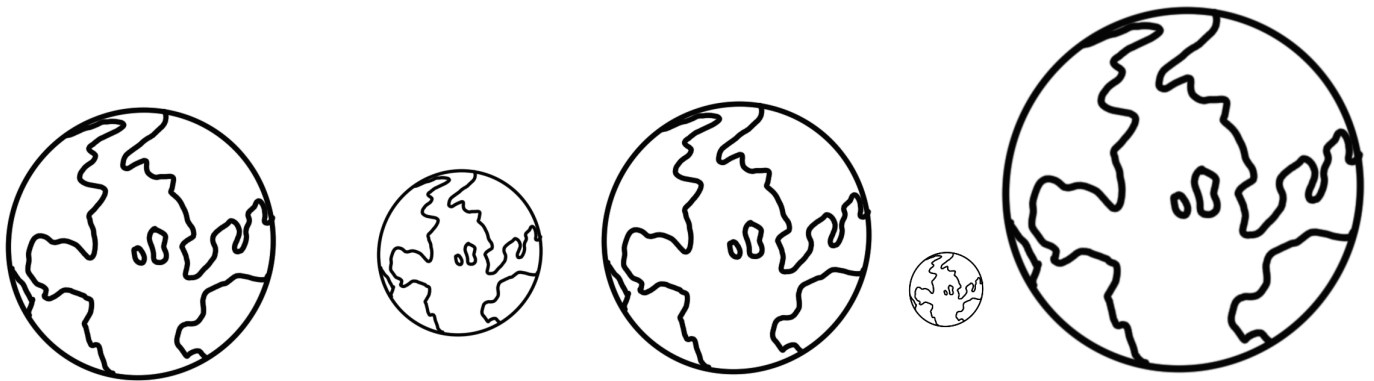

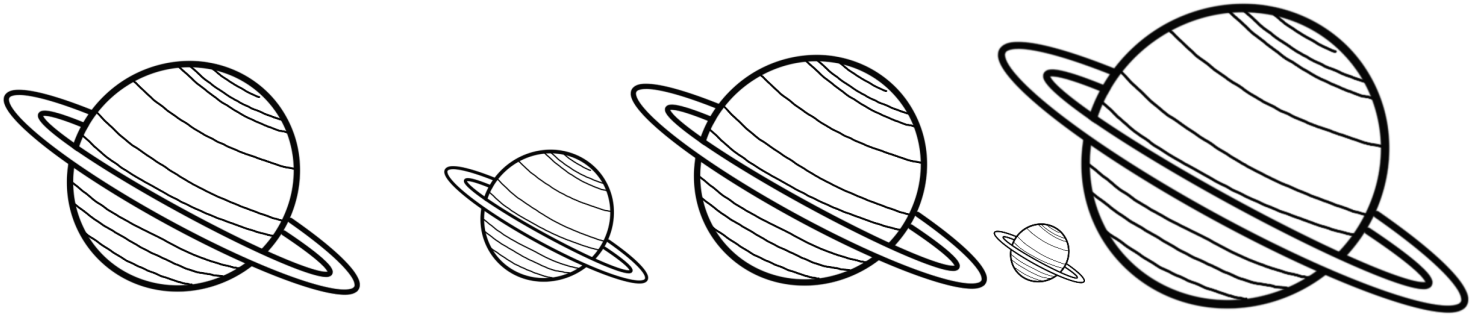

The Good AND THE Beautiful  
CURRICULUM

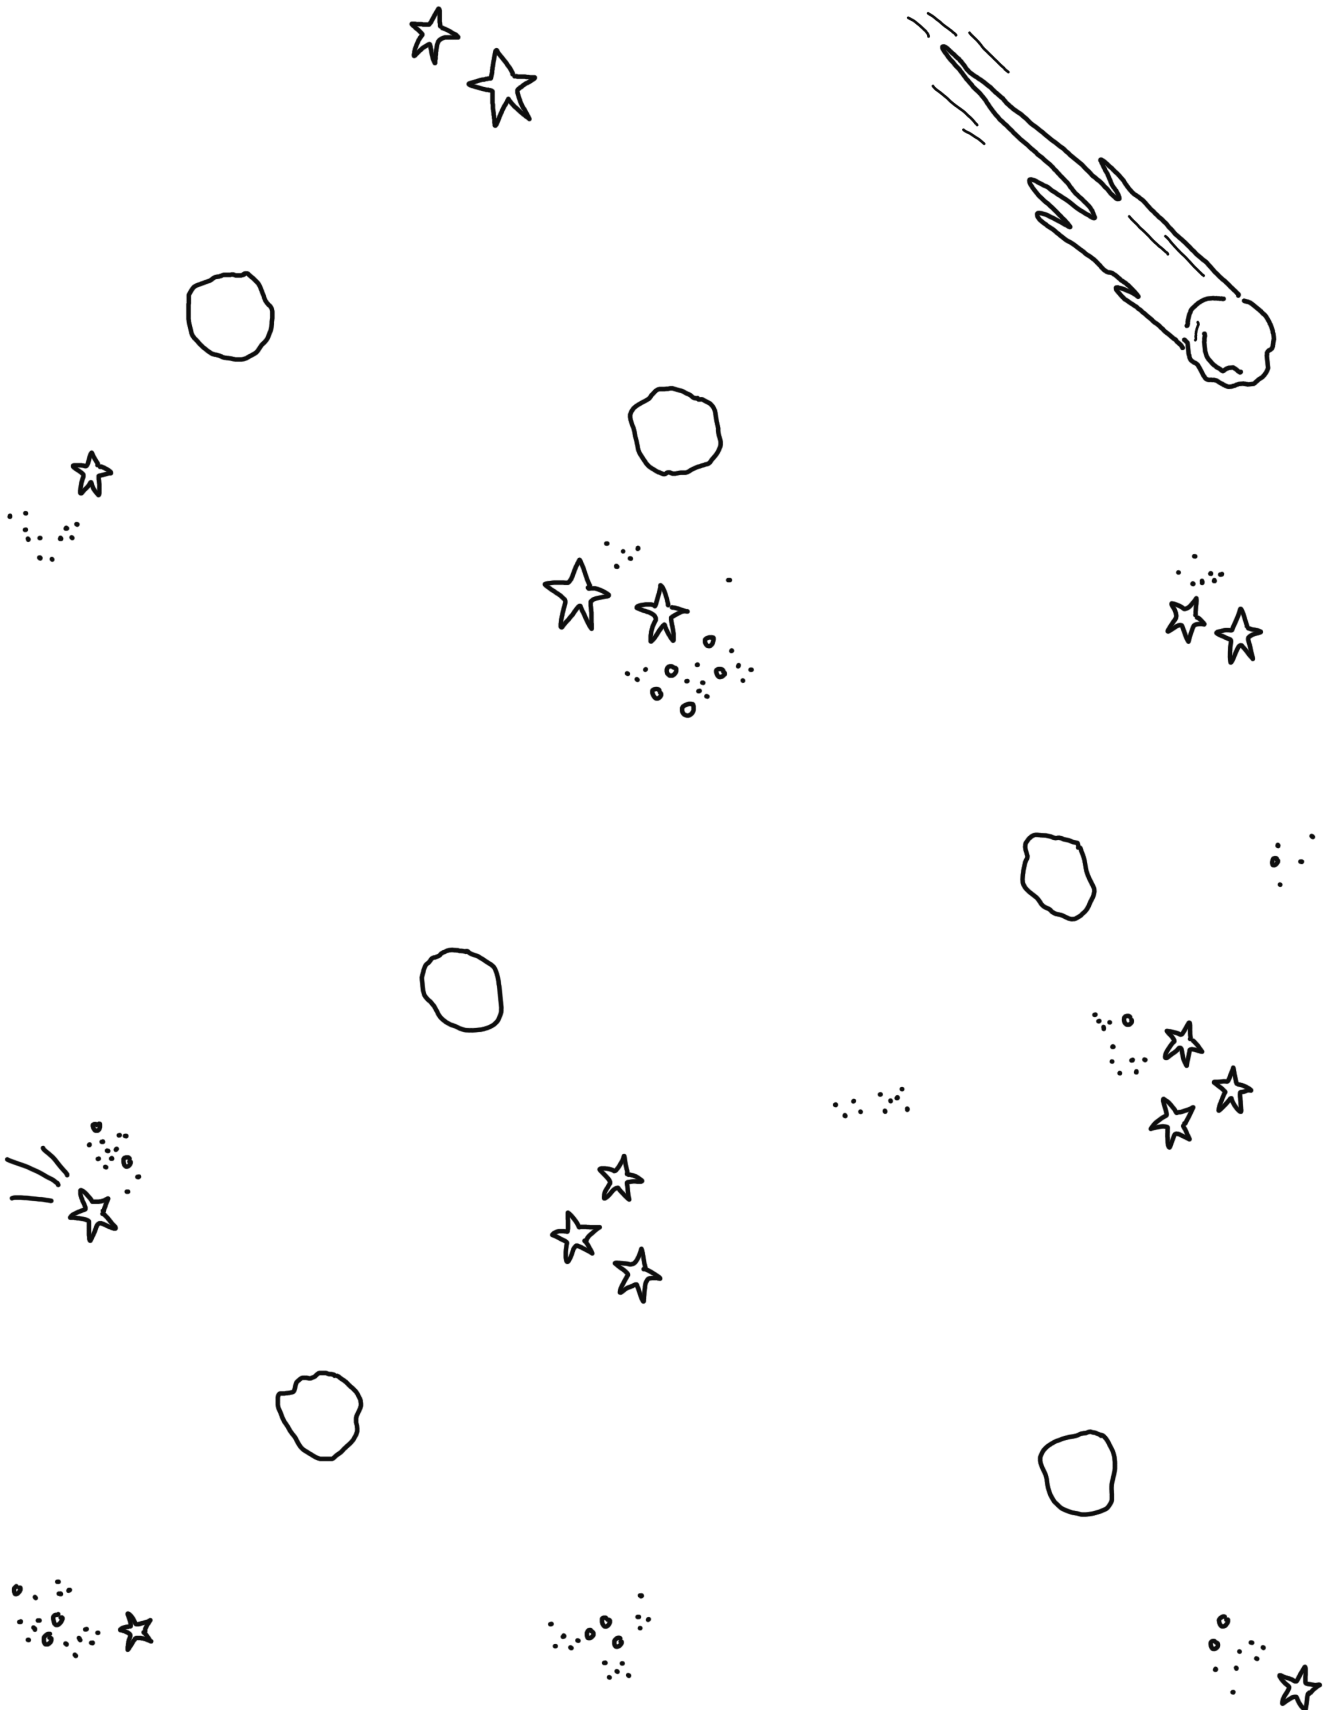

Lesson 2

In each row, color the two planets that are the same size.

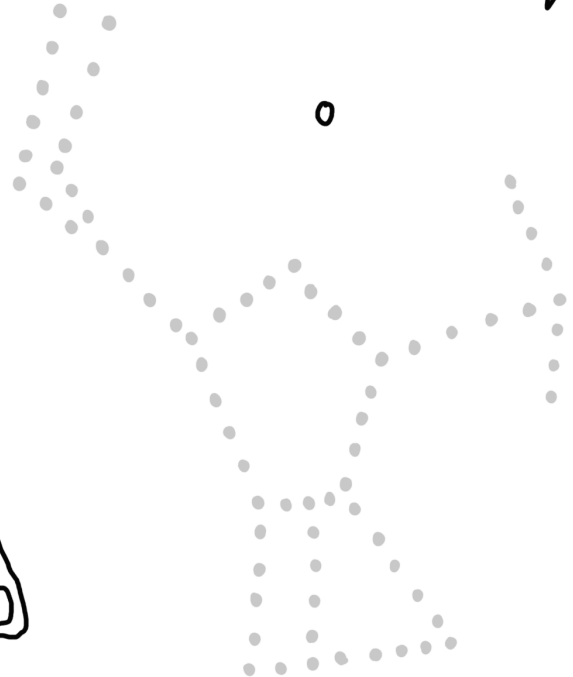

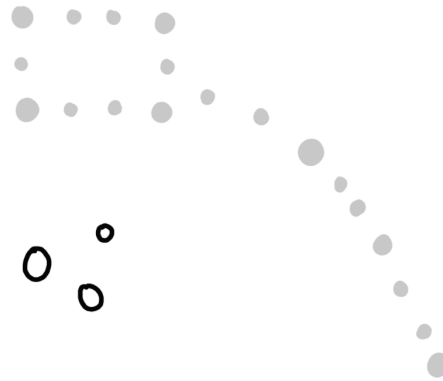

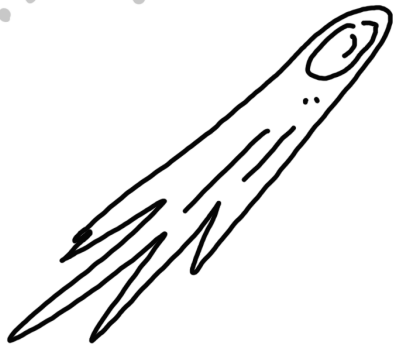

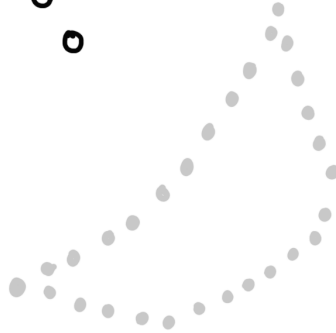

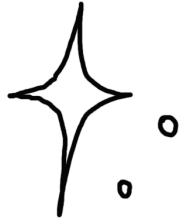

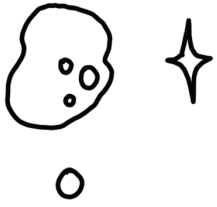

Draw tails on the ends of the comets. An example comet is below, to the right. Color the picture to make it look like outer space.

Lesson 3

Trace the lines to create constellations.  
Color the picture.

Grades  
K-2

Science Activity Books

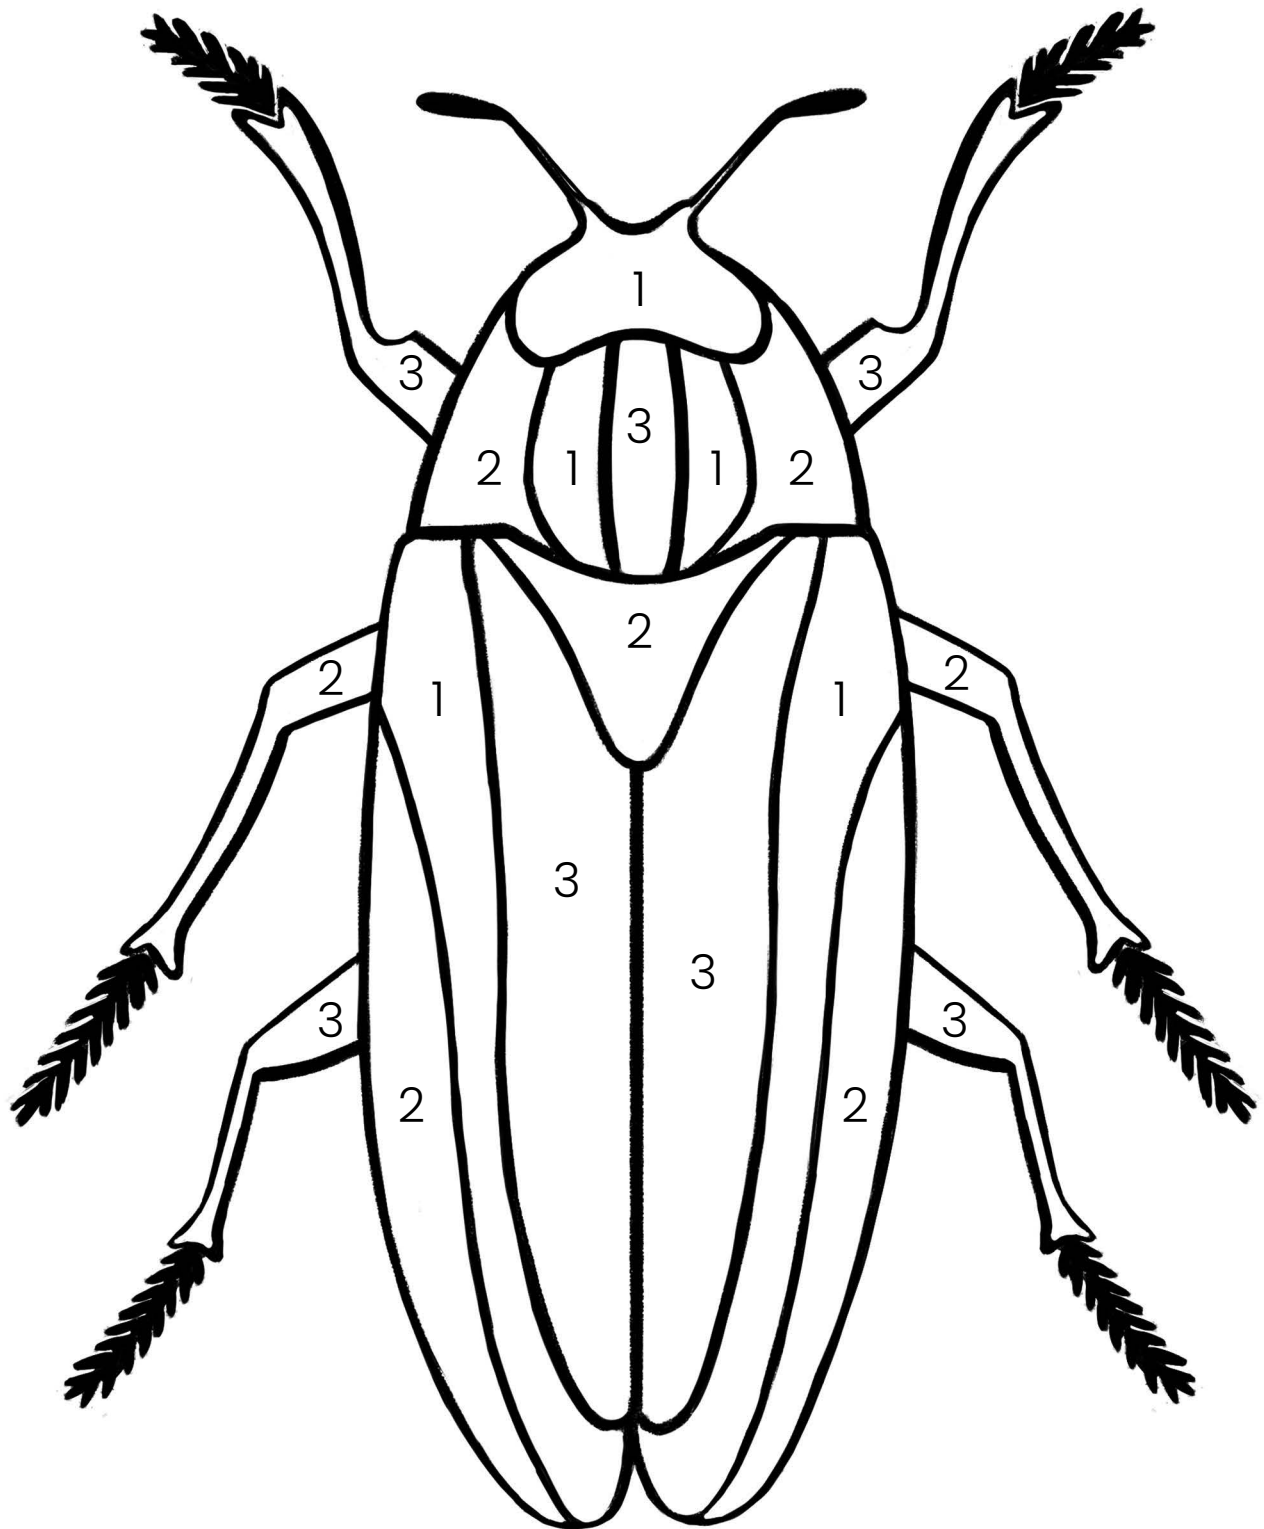

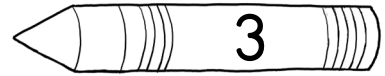

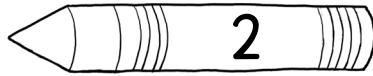

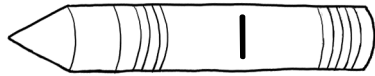

# ARTHROPODS

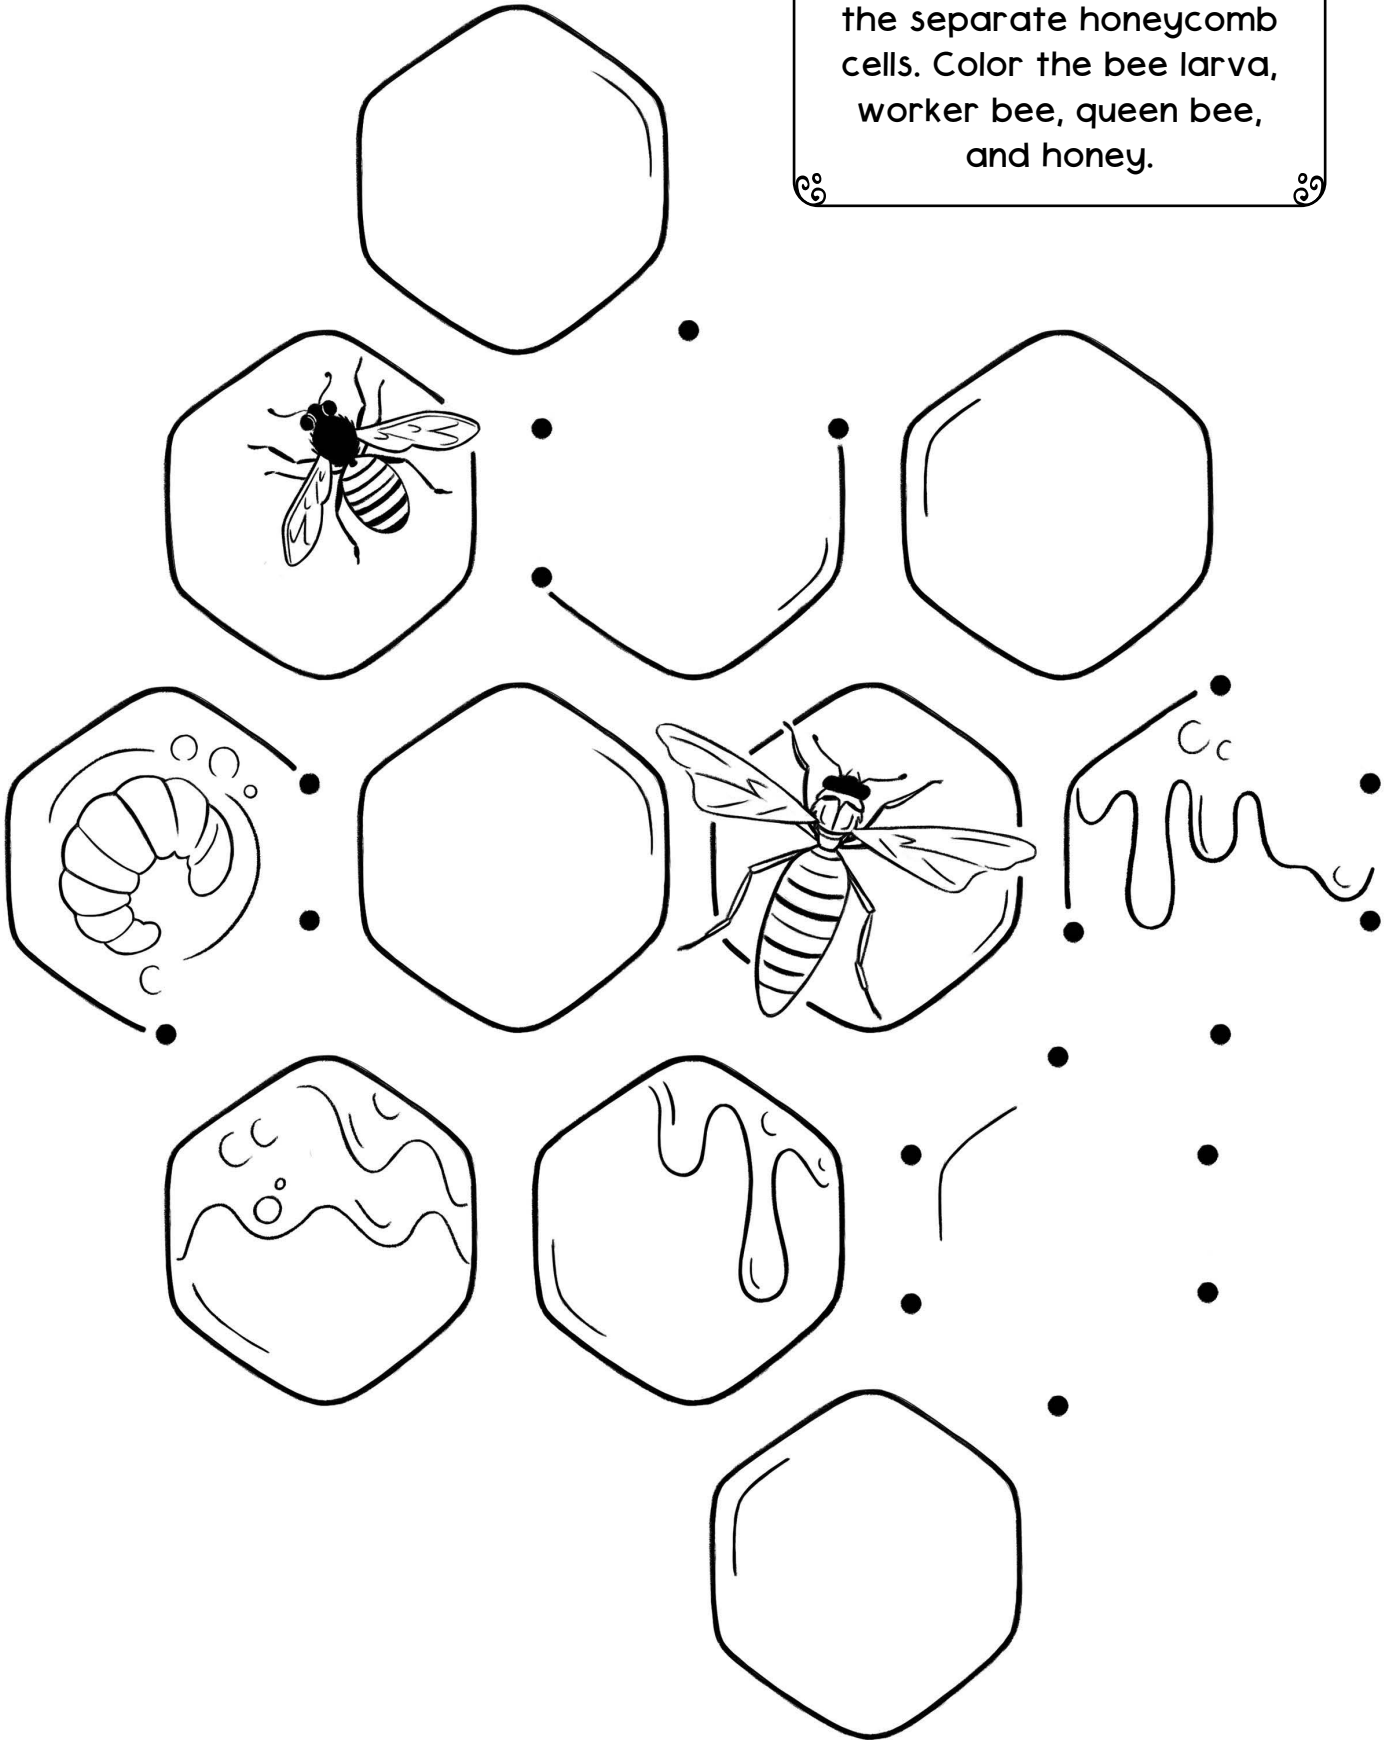

The Good AND THE Beautiful  
CURRICULUM

Color sections with a 1 blue. Color sections with a 2 red. Color sections with a 3 green. Parent tip: Color the images of the crayons the correct colors to guide the child.

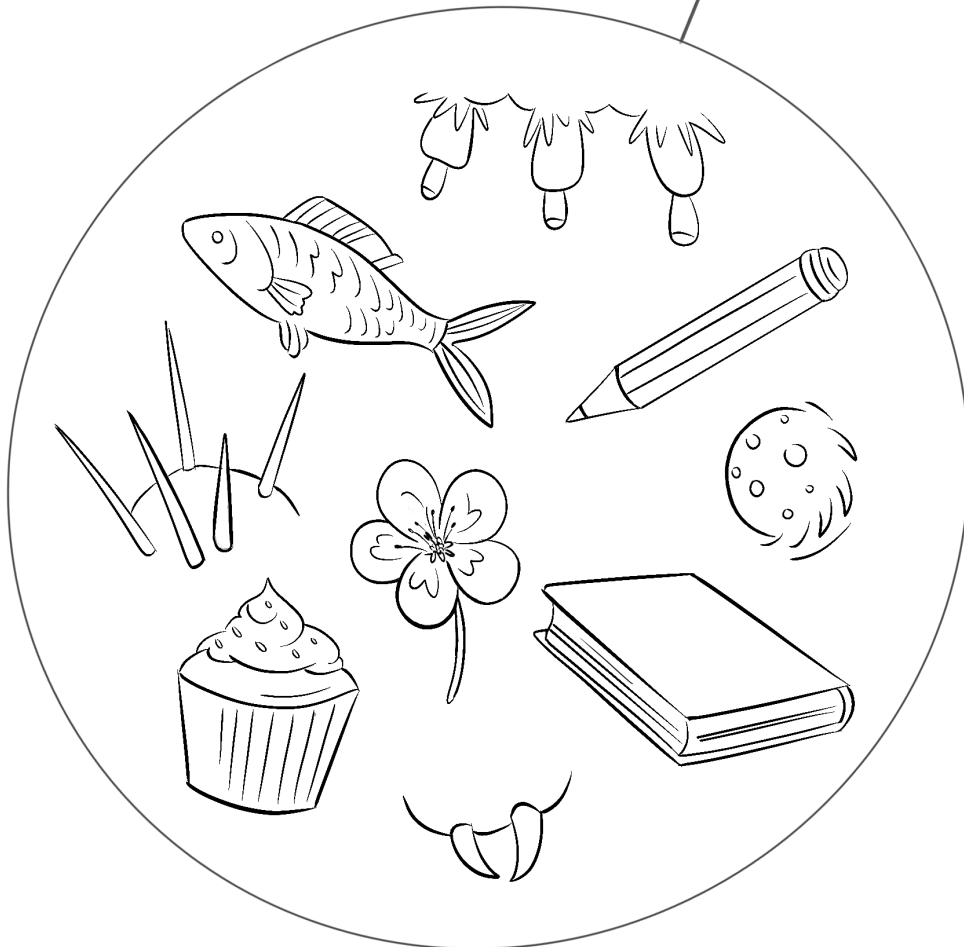

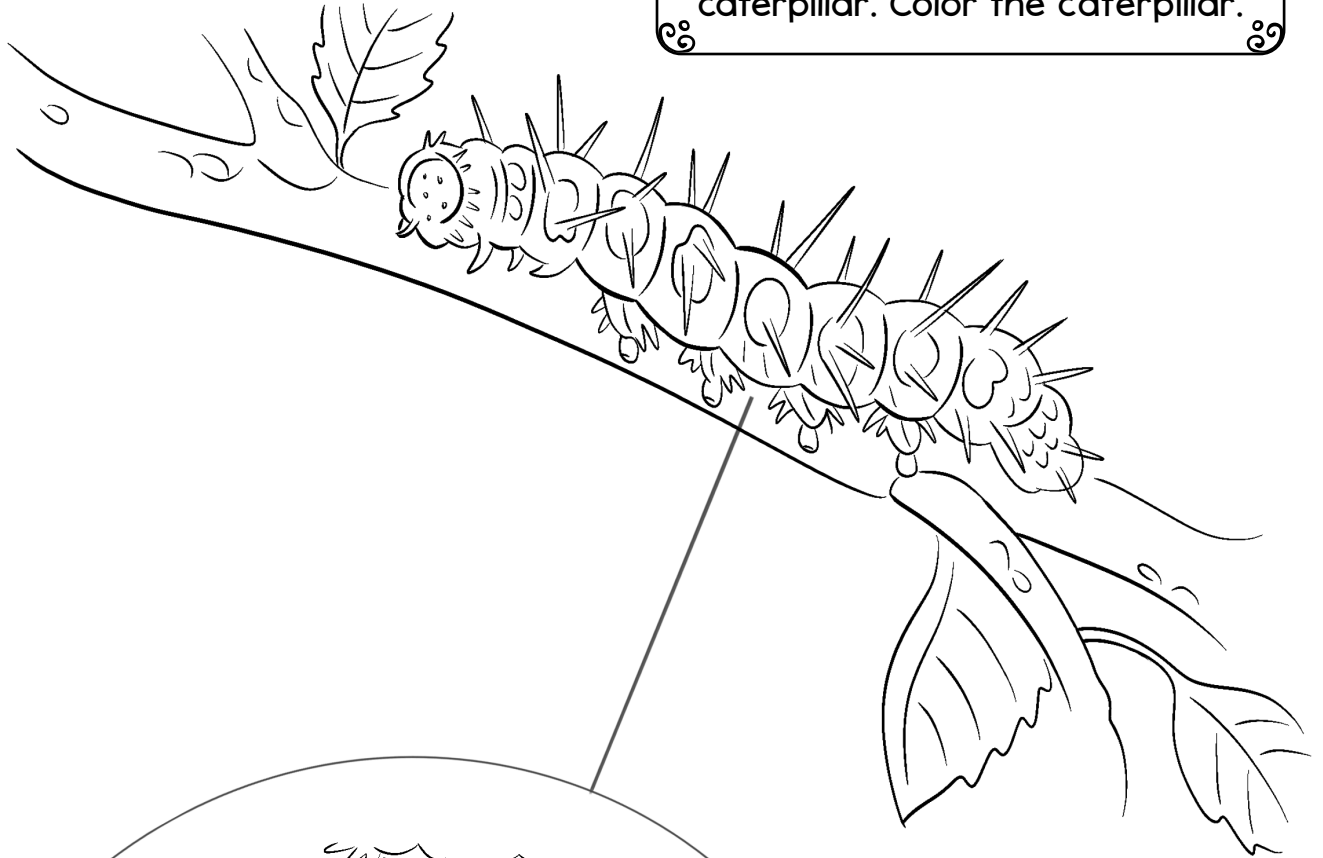

Draw lines to connect the separate honeycomb cells. Color the bee larva, worker bee, queen bee, and honey.

# Lesson 7

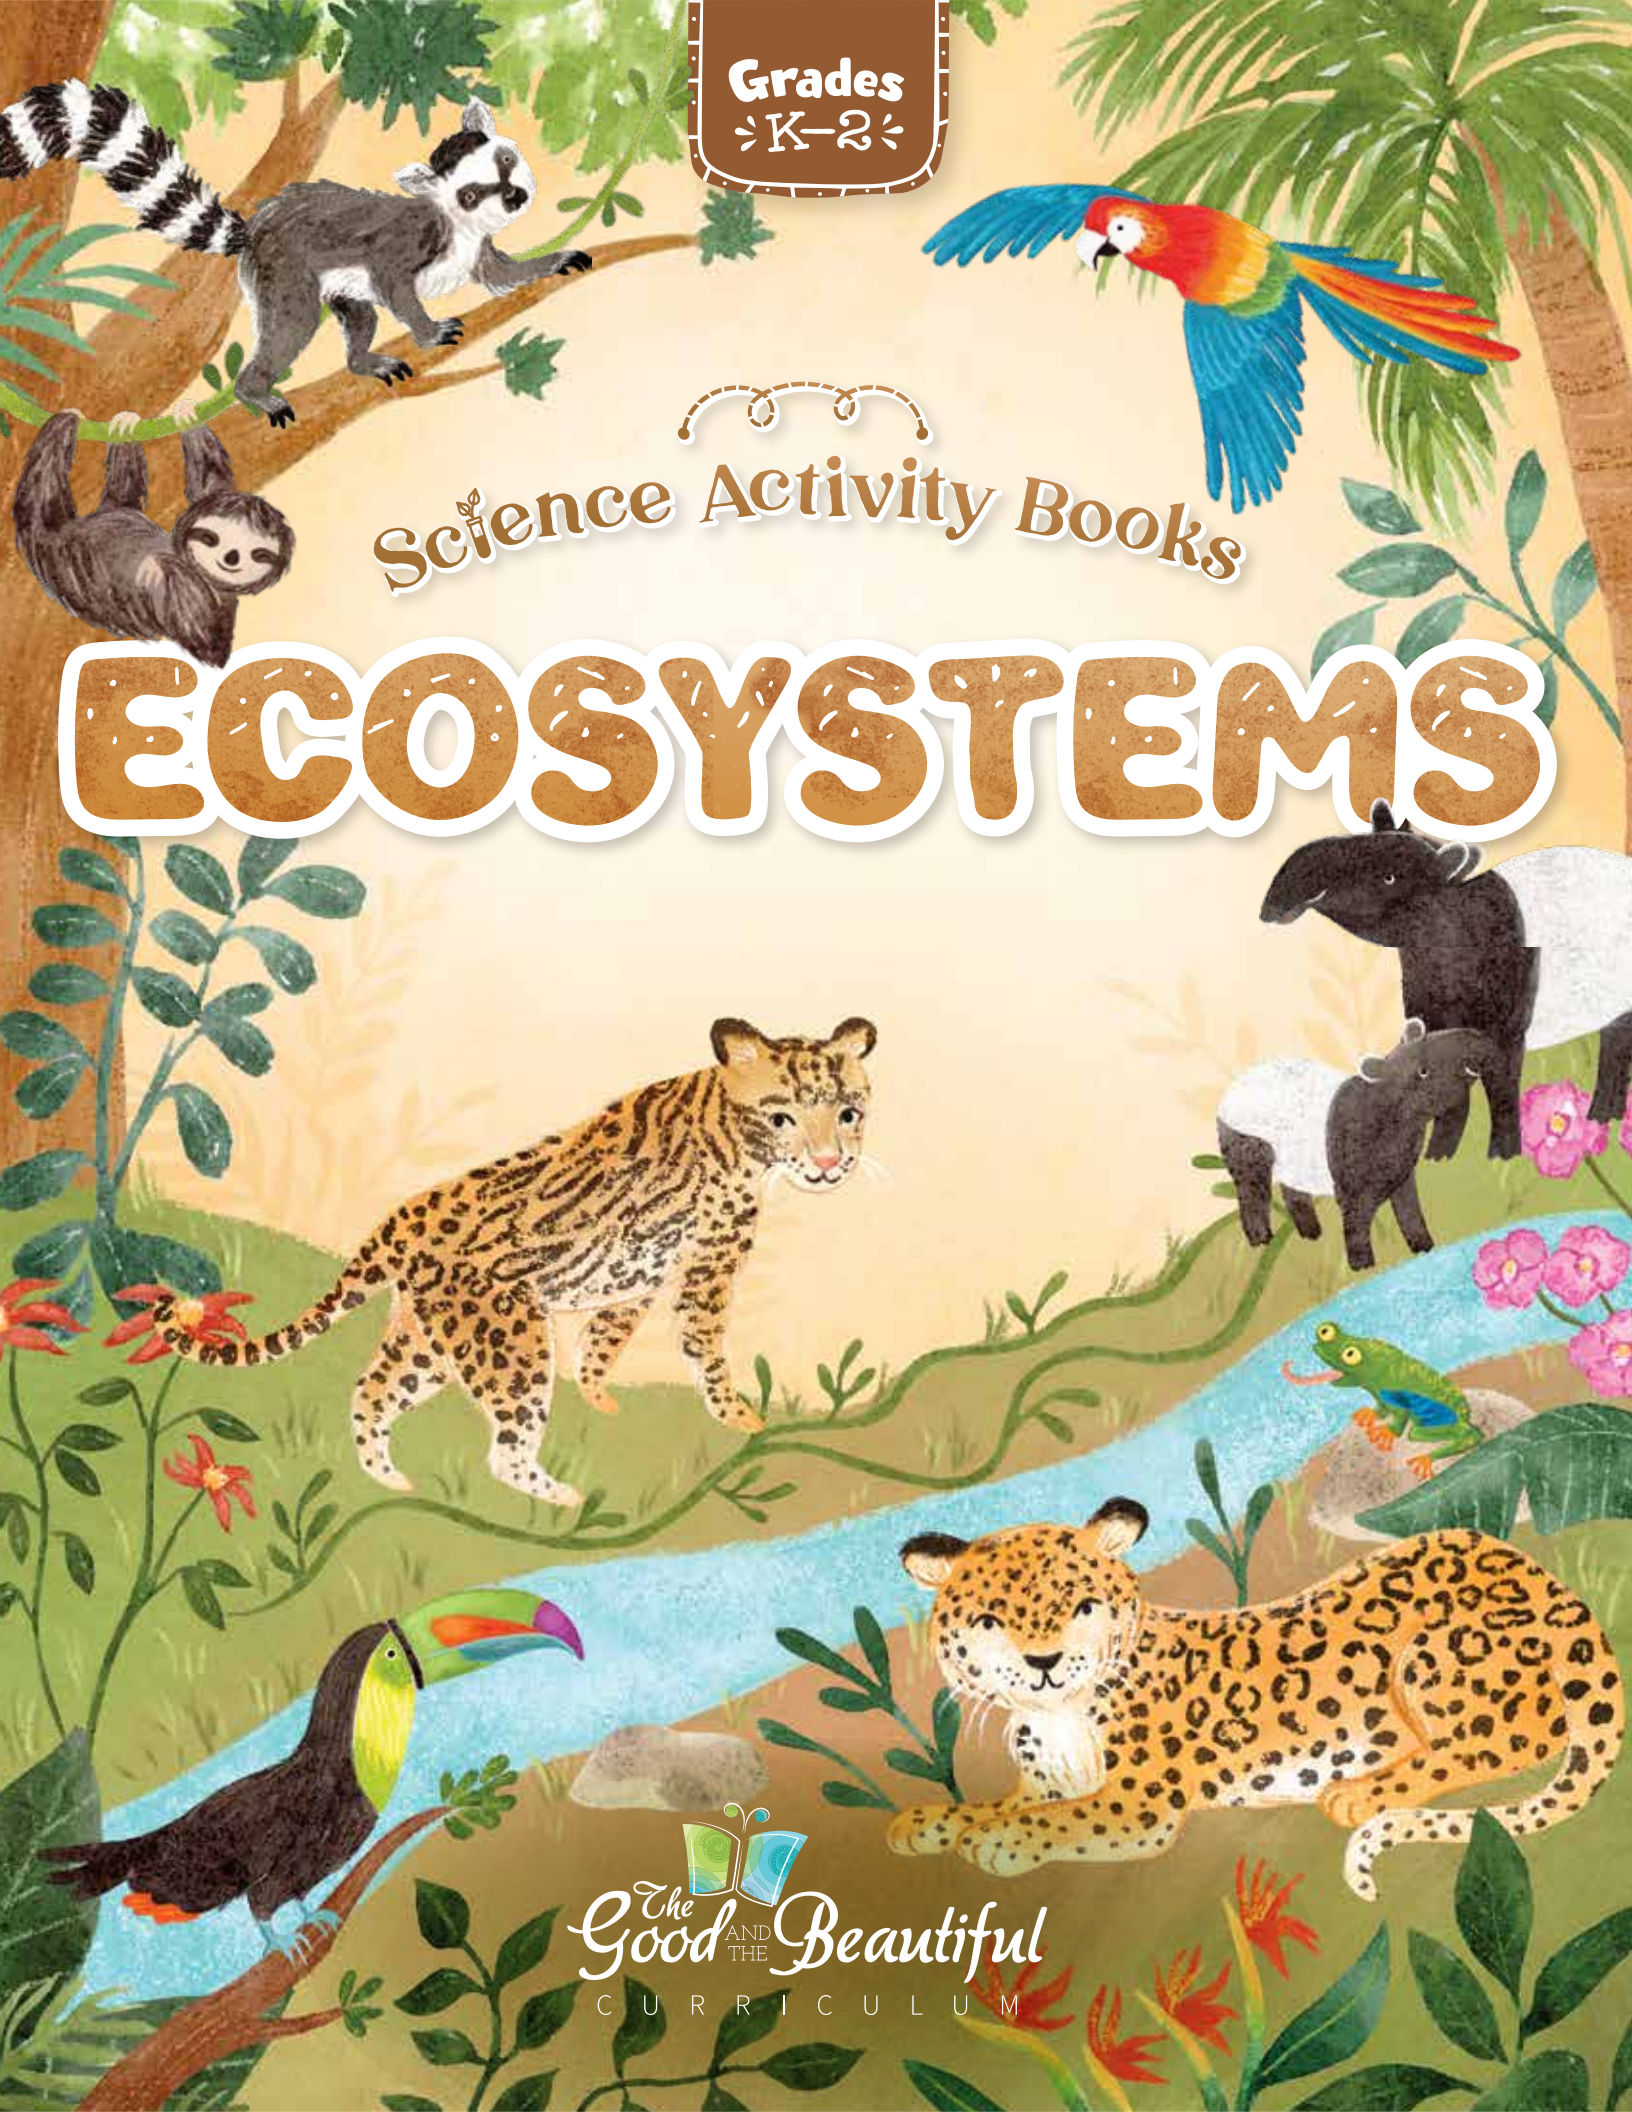

The caterpillar below has many defenses. Some of them are shown in the circle below. Color the defenses you see on the caterpillar. Color the caterpillar.

Grades  
K-2

Science Activity Books

# ECOSYSTEMS

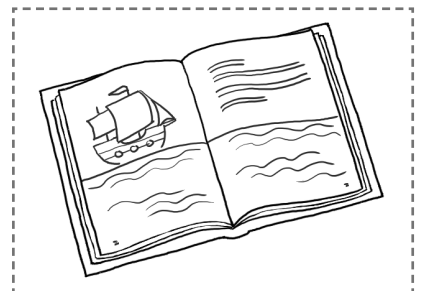

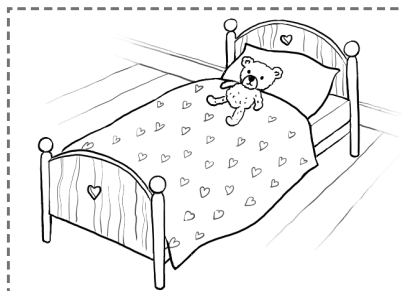

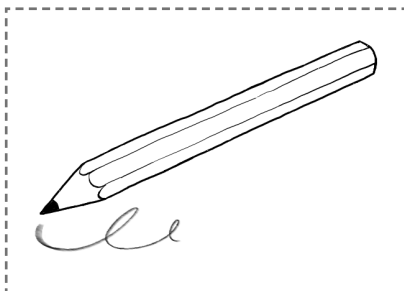

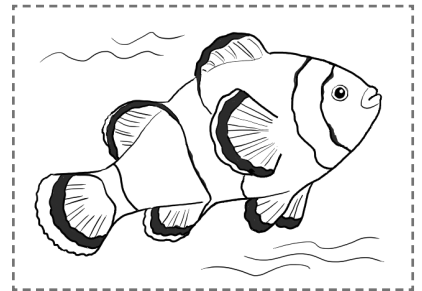

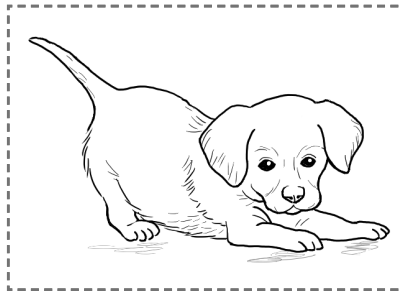

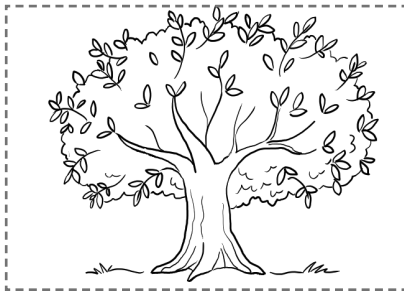

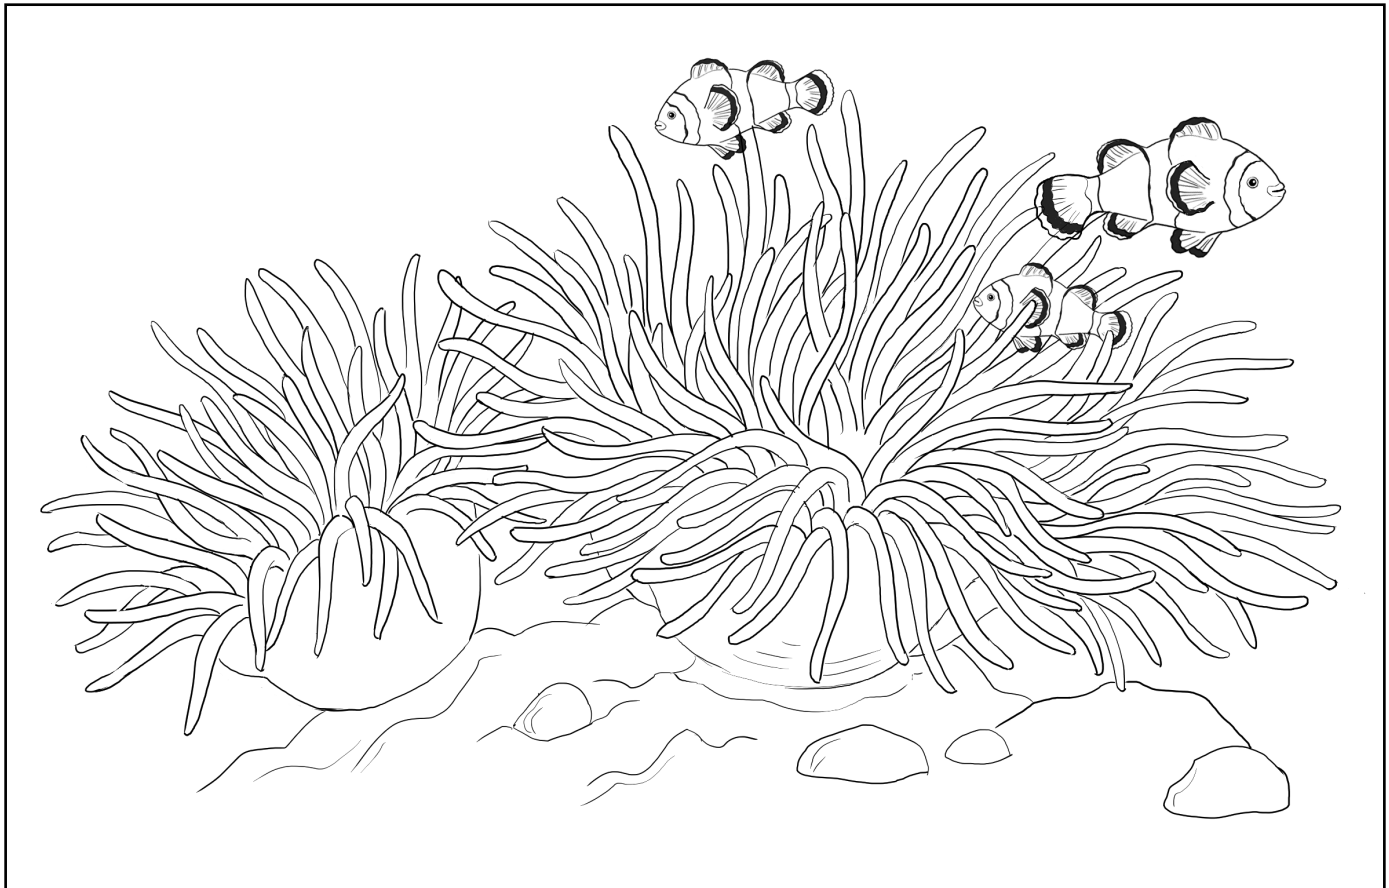

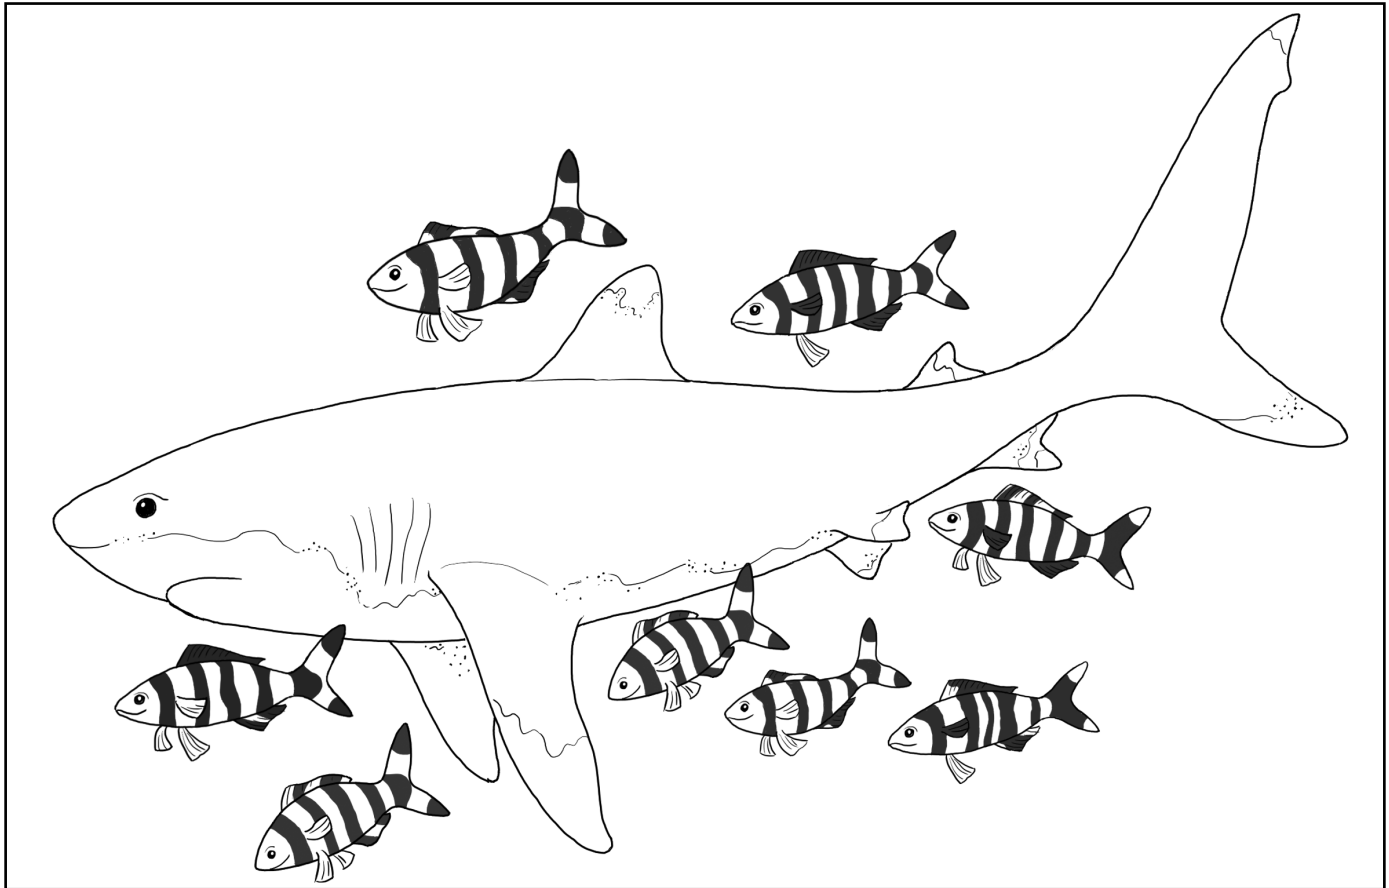

Color the pictures in the boxes. Cut out the boxes and tape or paste each box into the correct rectangle.

Living

Not Living

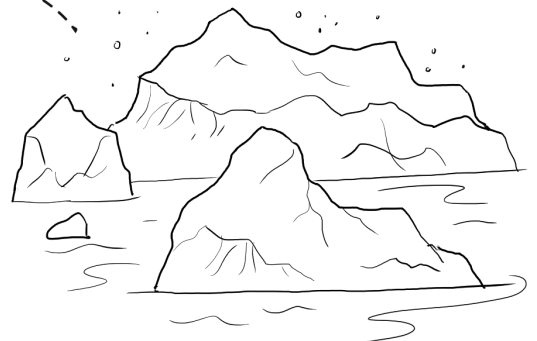

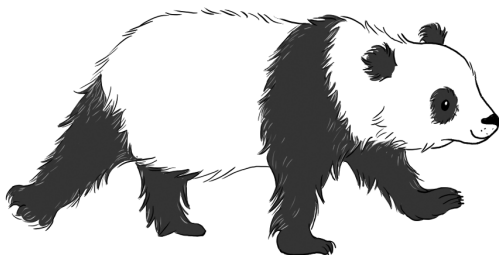

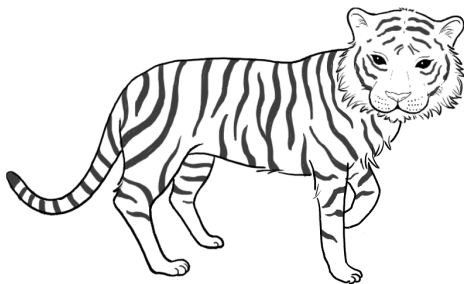

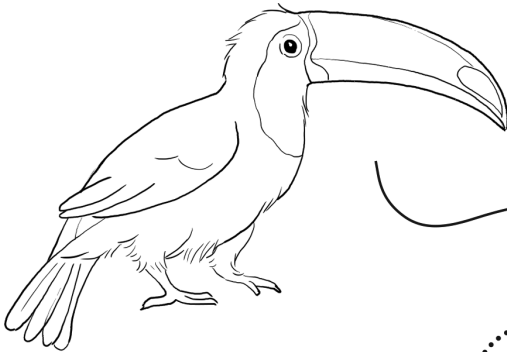

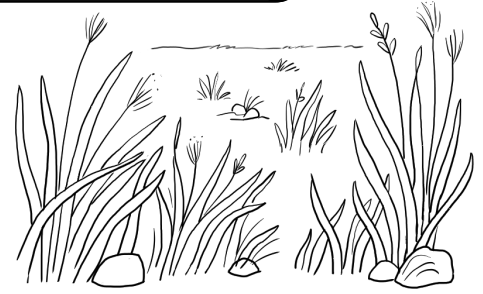

Color the two pictures of creatures that live together and help each other.

Lesson 9

Draw lines to connect each animal to where it lives. Color the pictures.

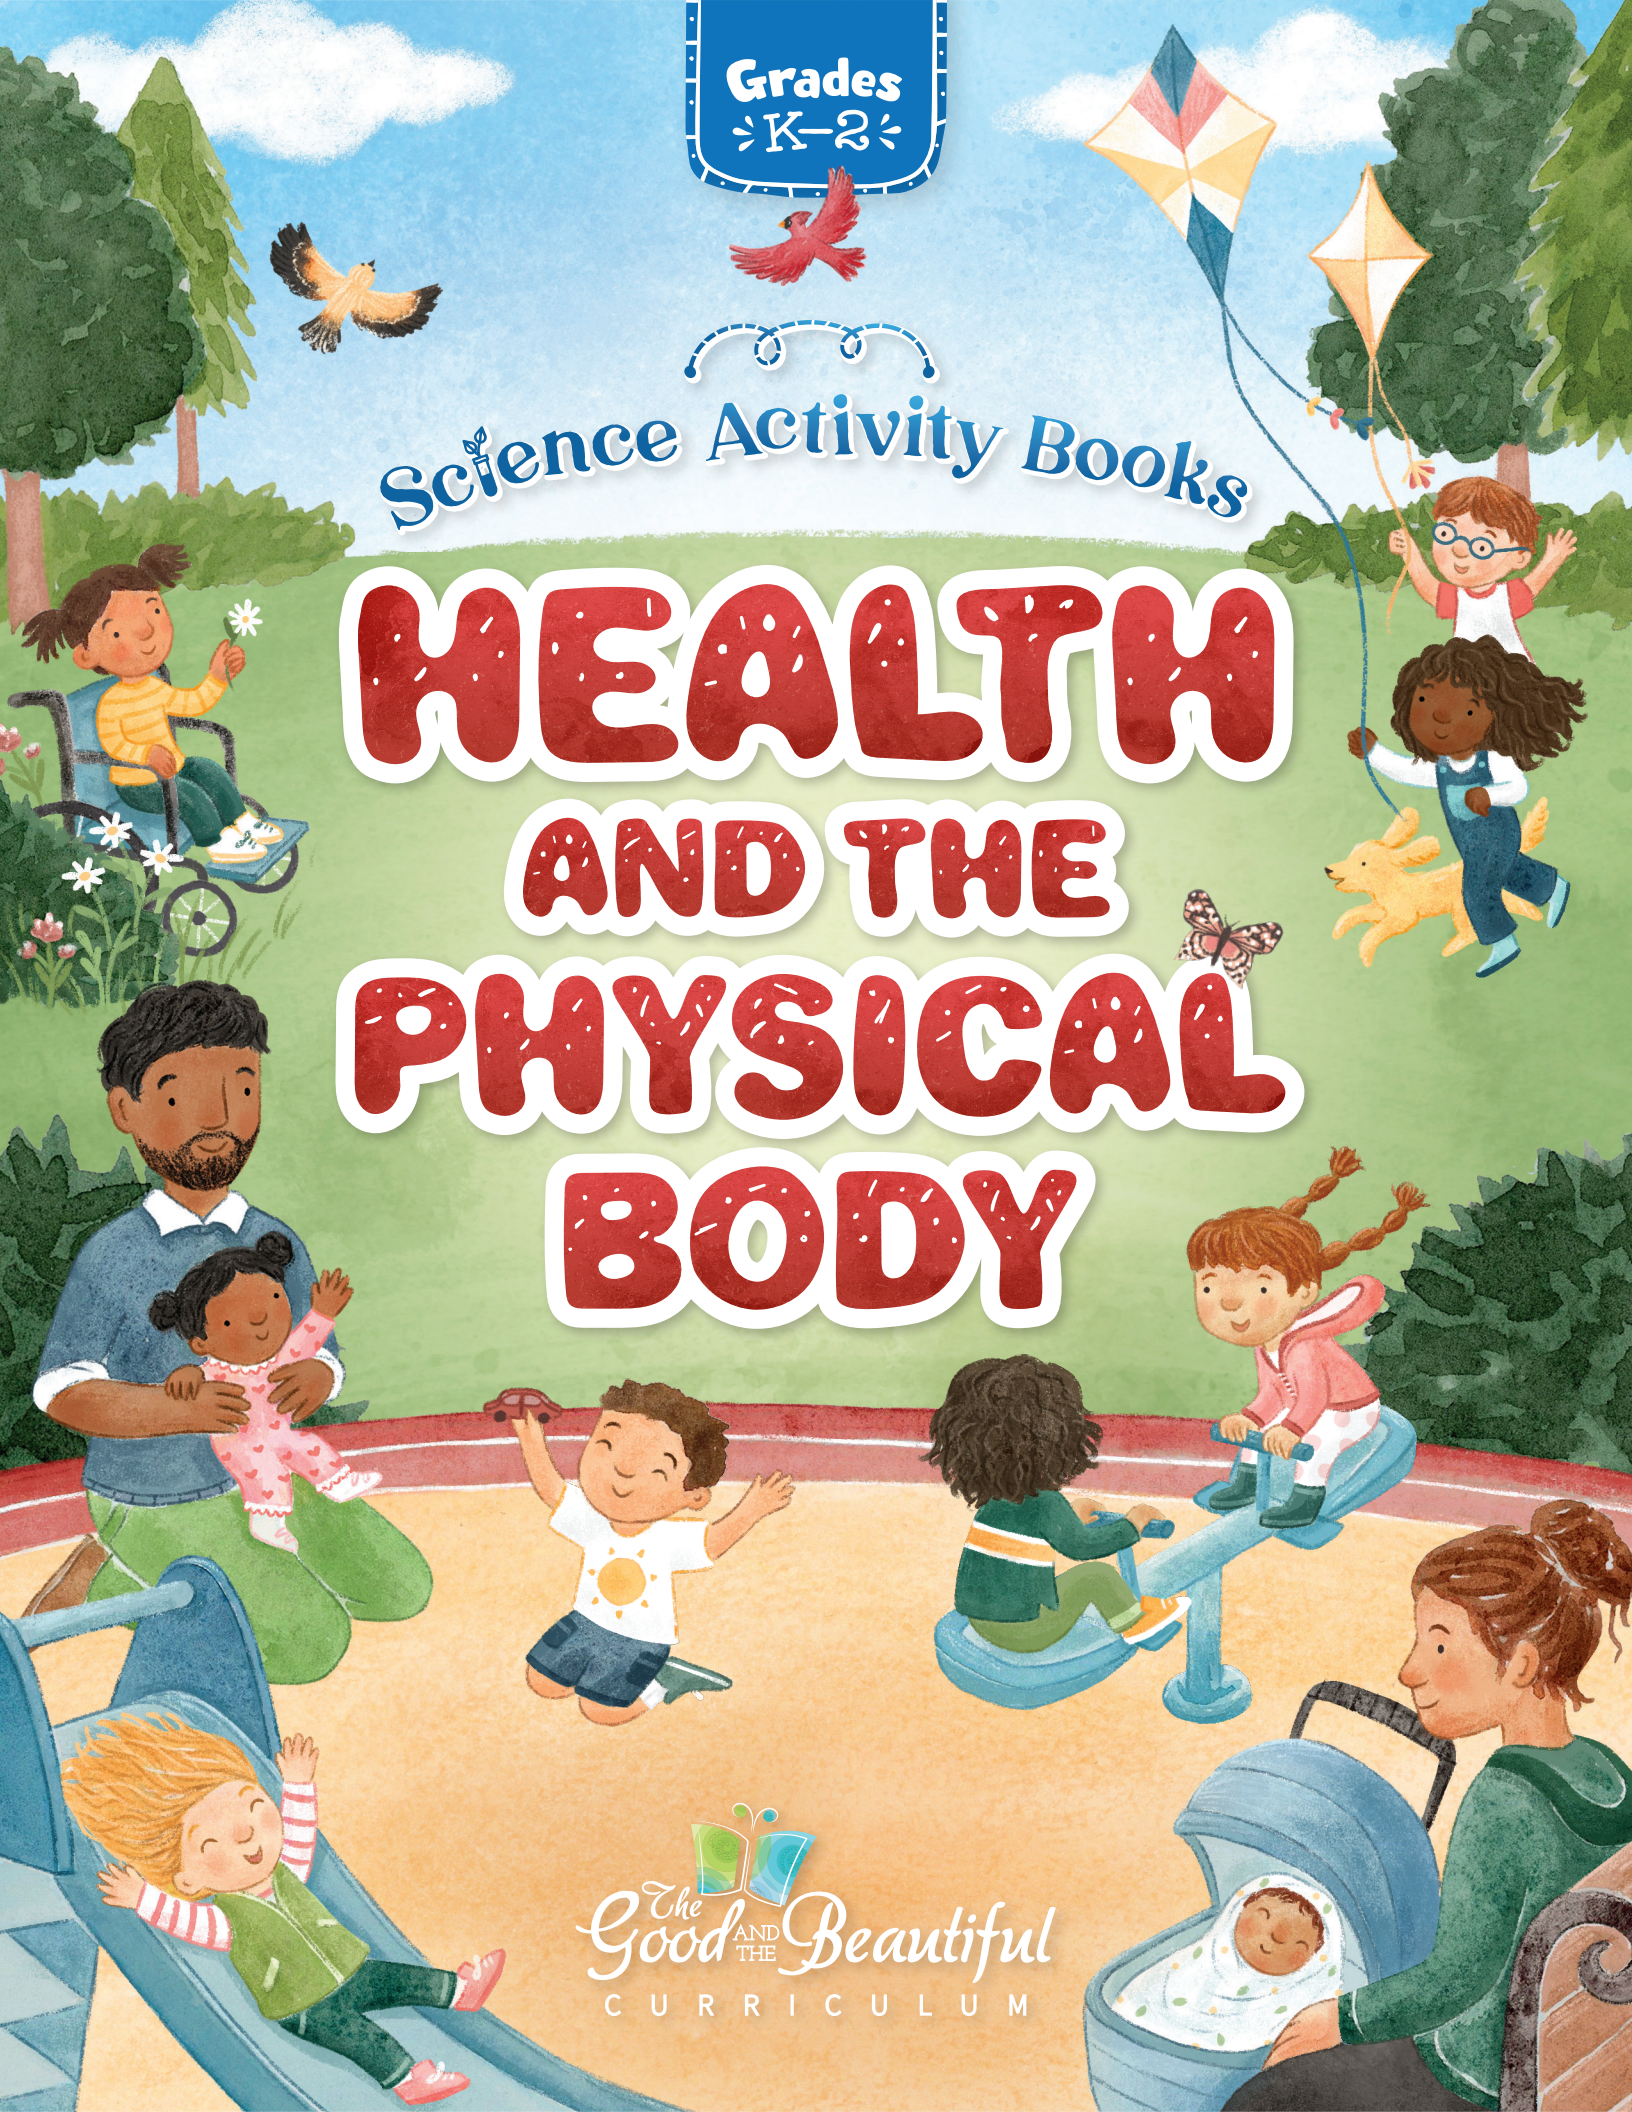

Grades  
K-2

Science Activity Books

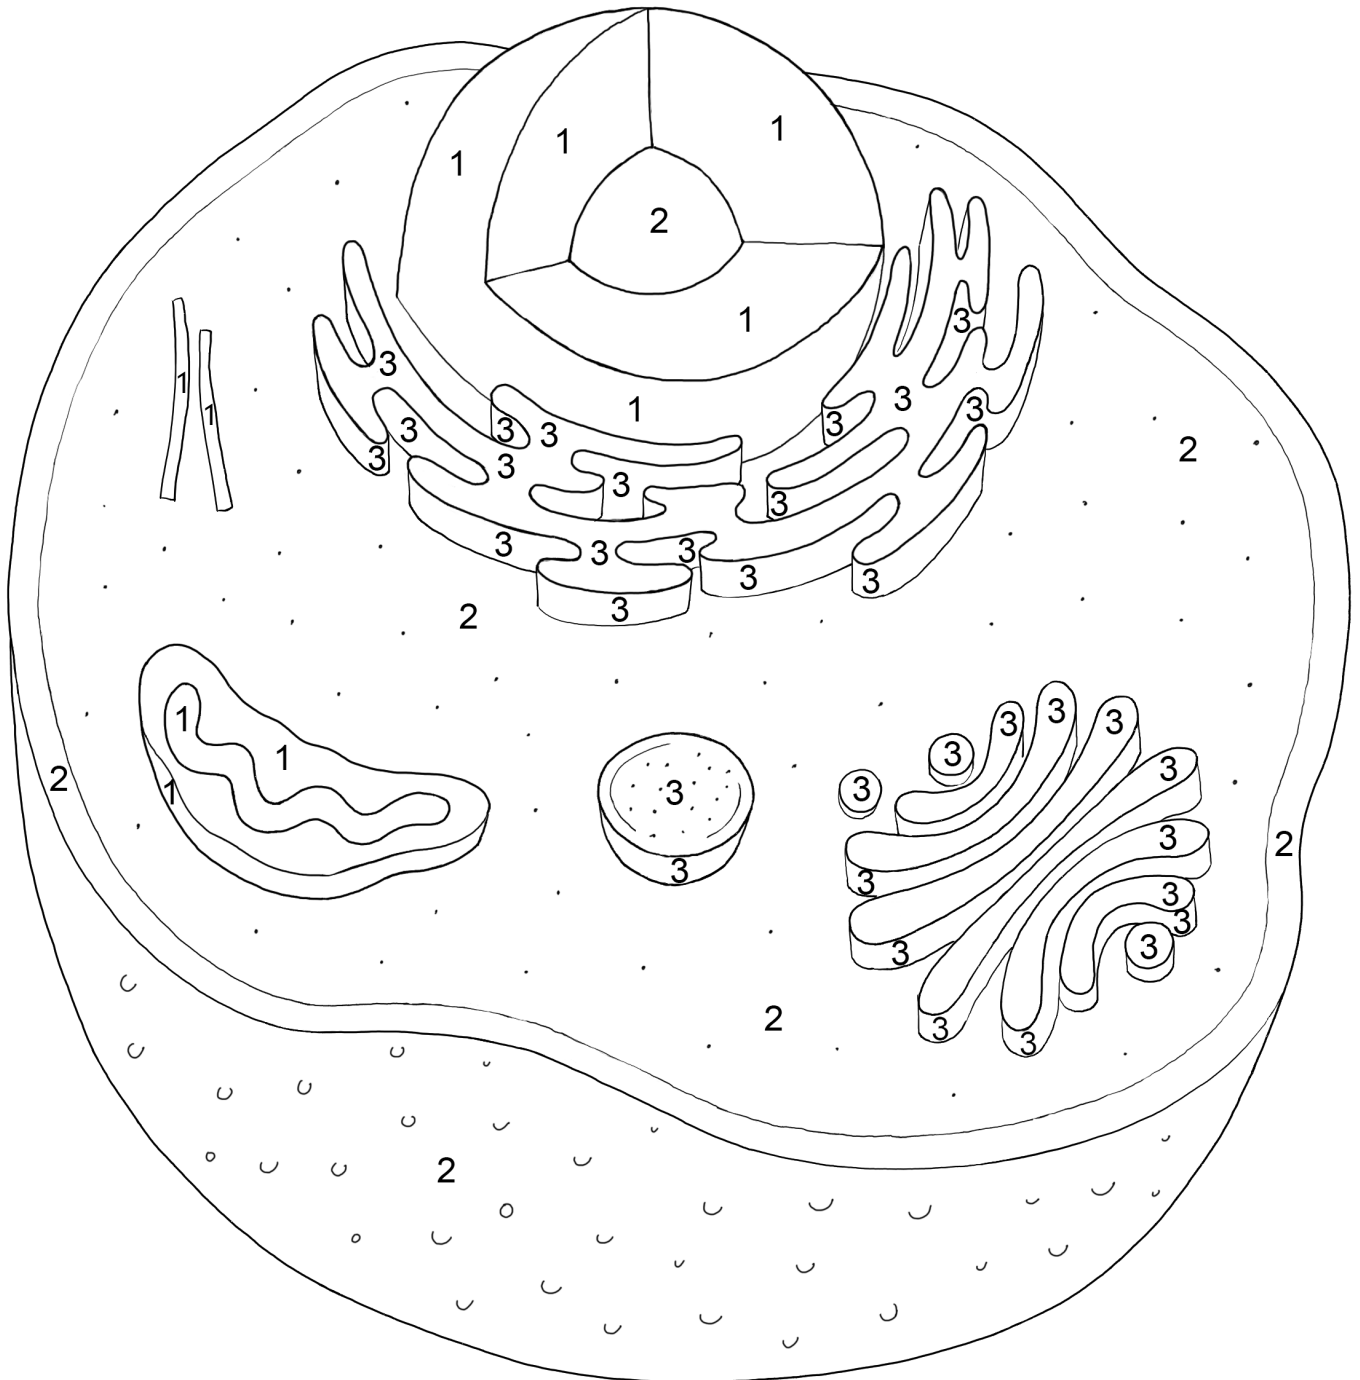

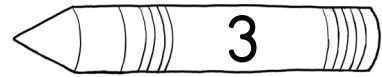

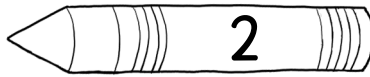

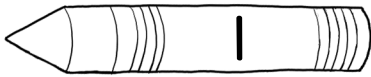

# HEALTH AND THE PHYSICAL BODY

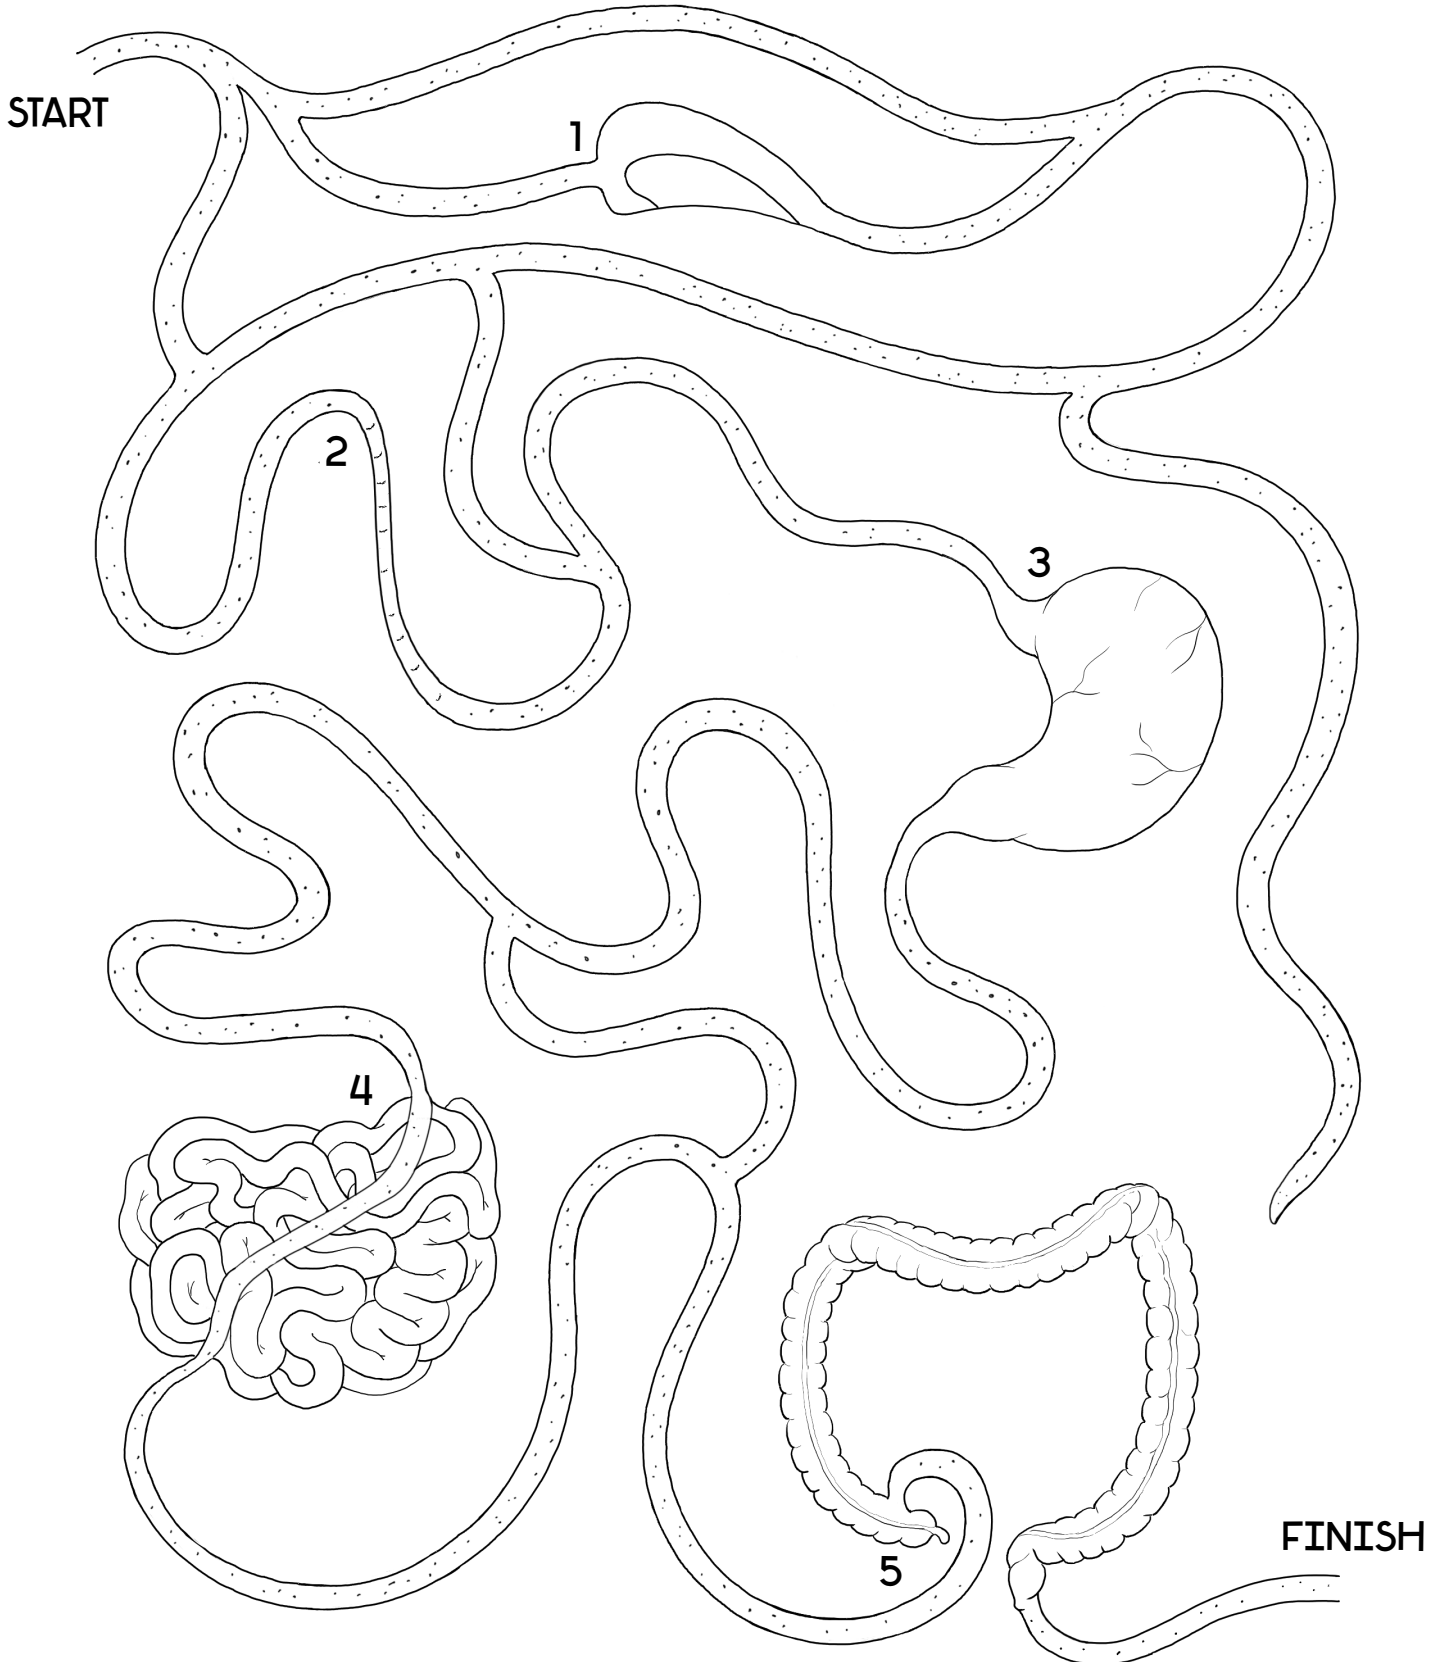

The Good AND THE Beautiful  
CURRICULUM

Color the human cell. Color sections with a 1 green. Color sections with a 2 blue. Color sections with a 3 red. Parent tip: Color the images of the organelles with the correct colors to guide the child.

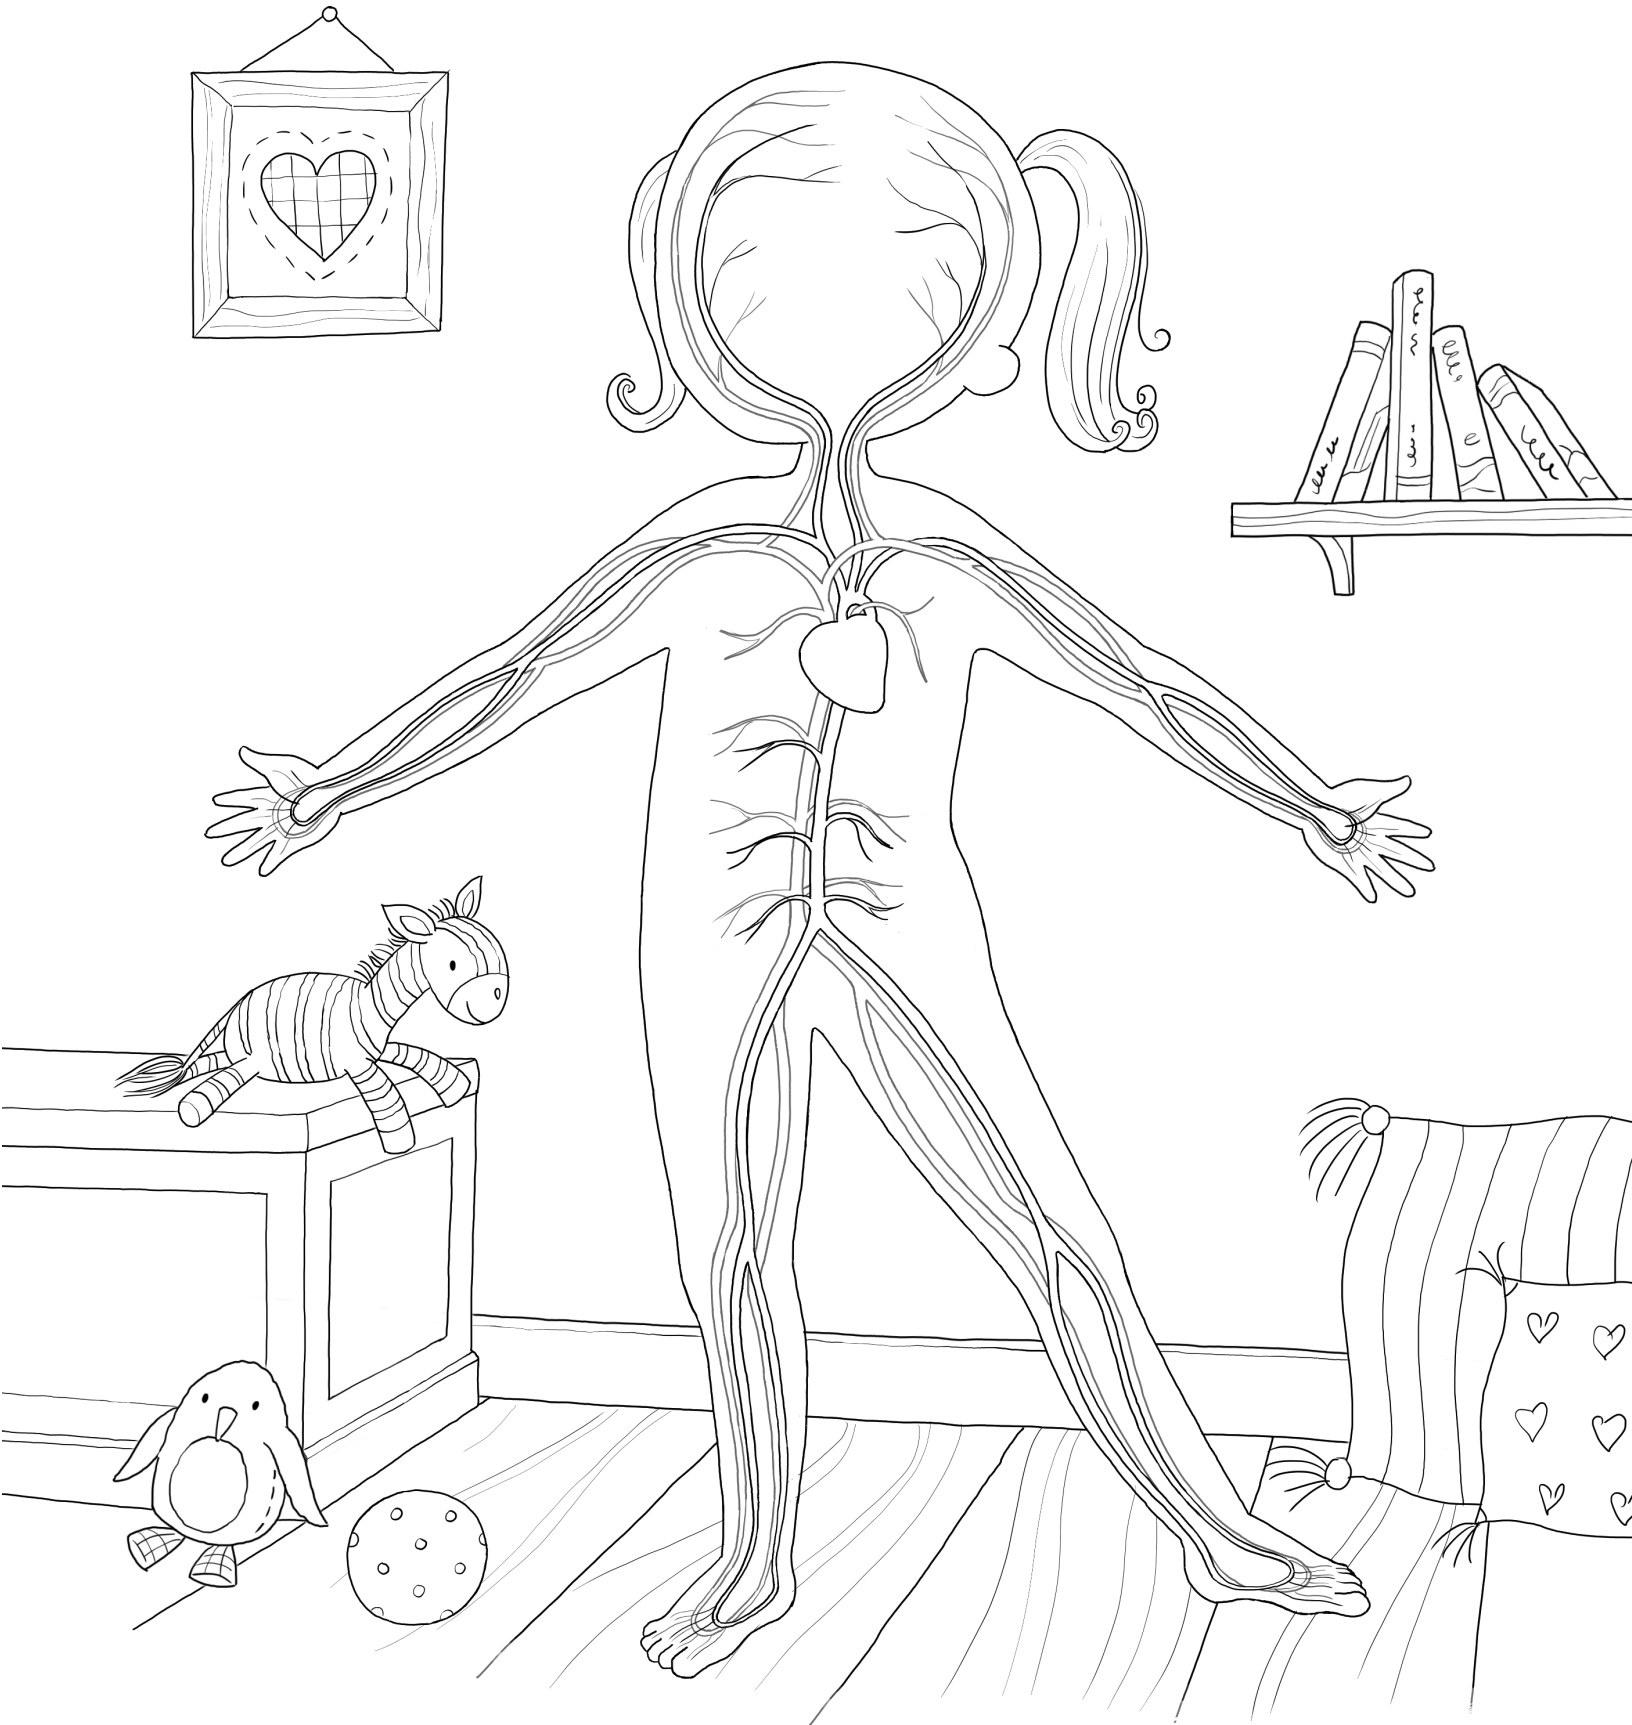

Draw a line through the maze, passing by the numbers 1-5 in order. The numbers show how food moves through the different organs of the digestive system. Color the pictures of the organs.

Color the picture of the heart and blood vessels to see how blood flows through the major blood vessels. Color the picture.

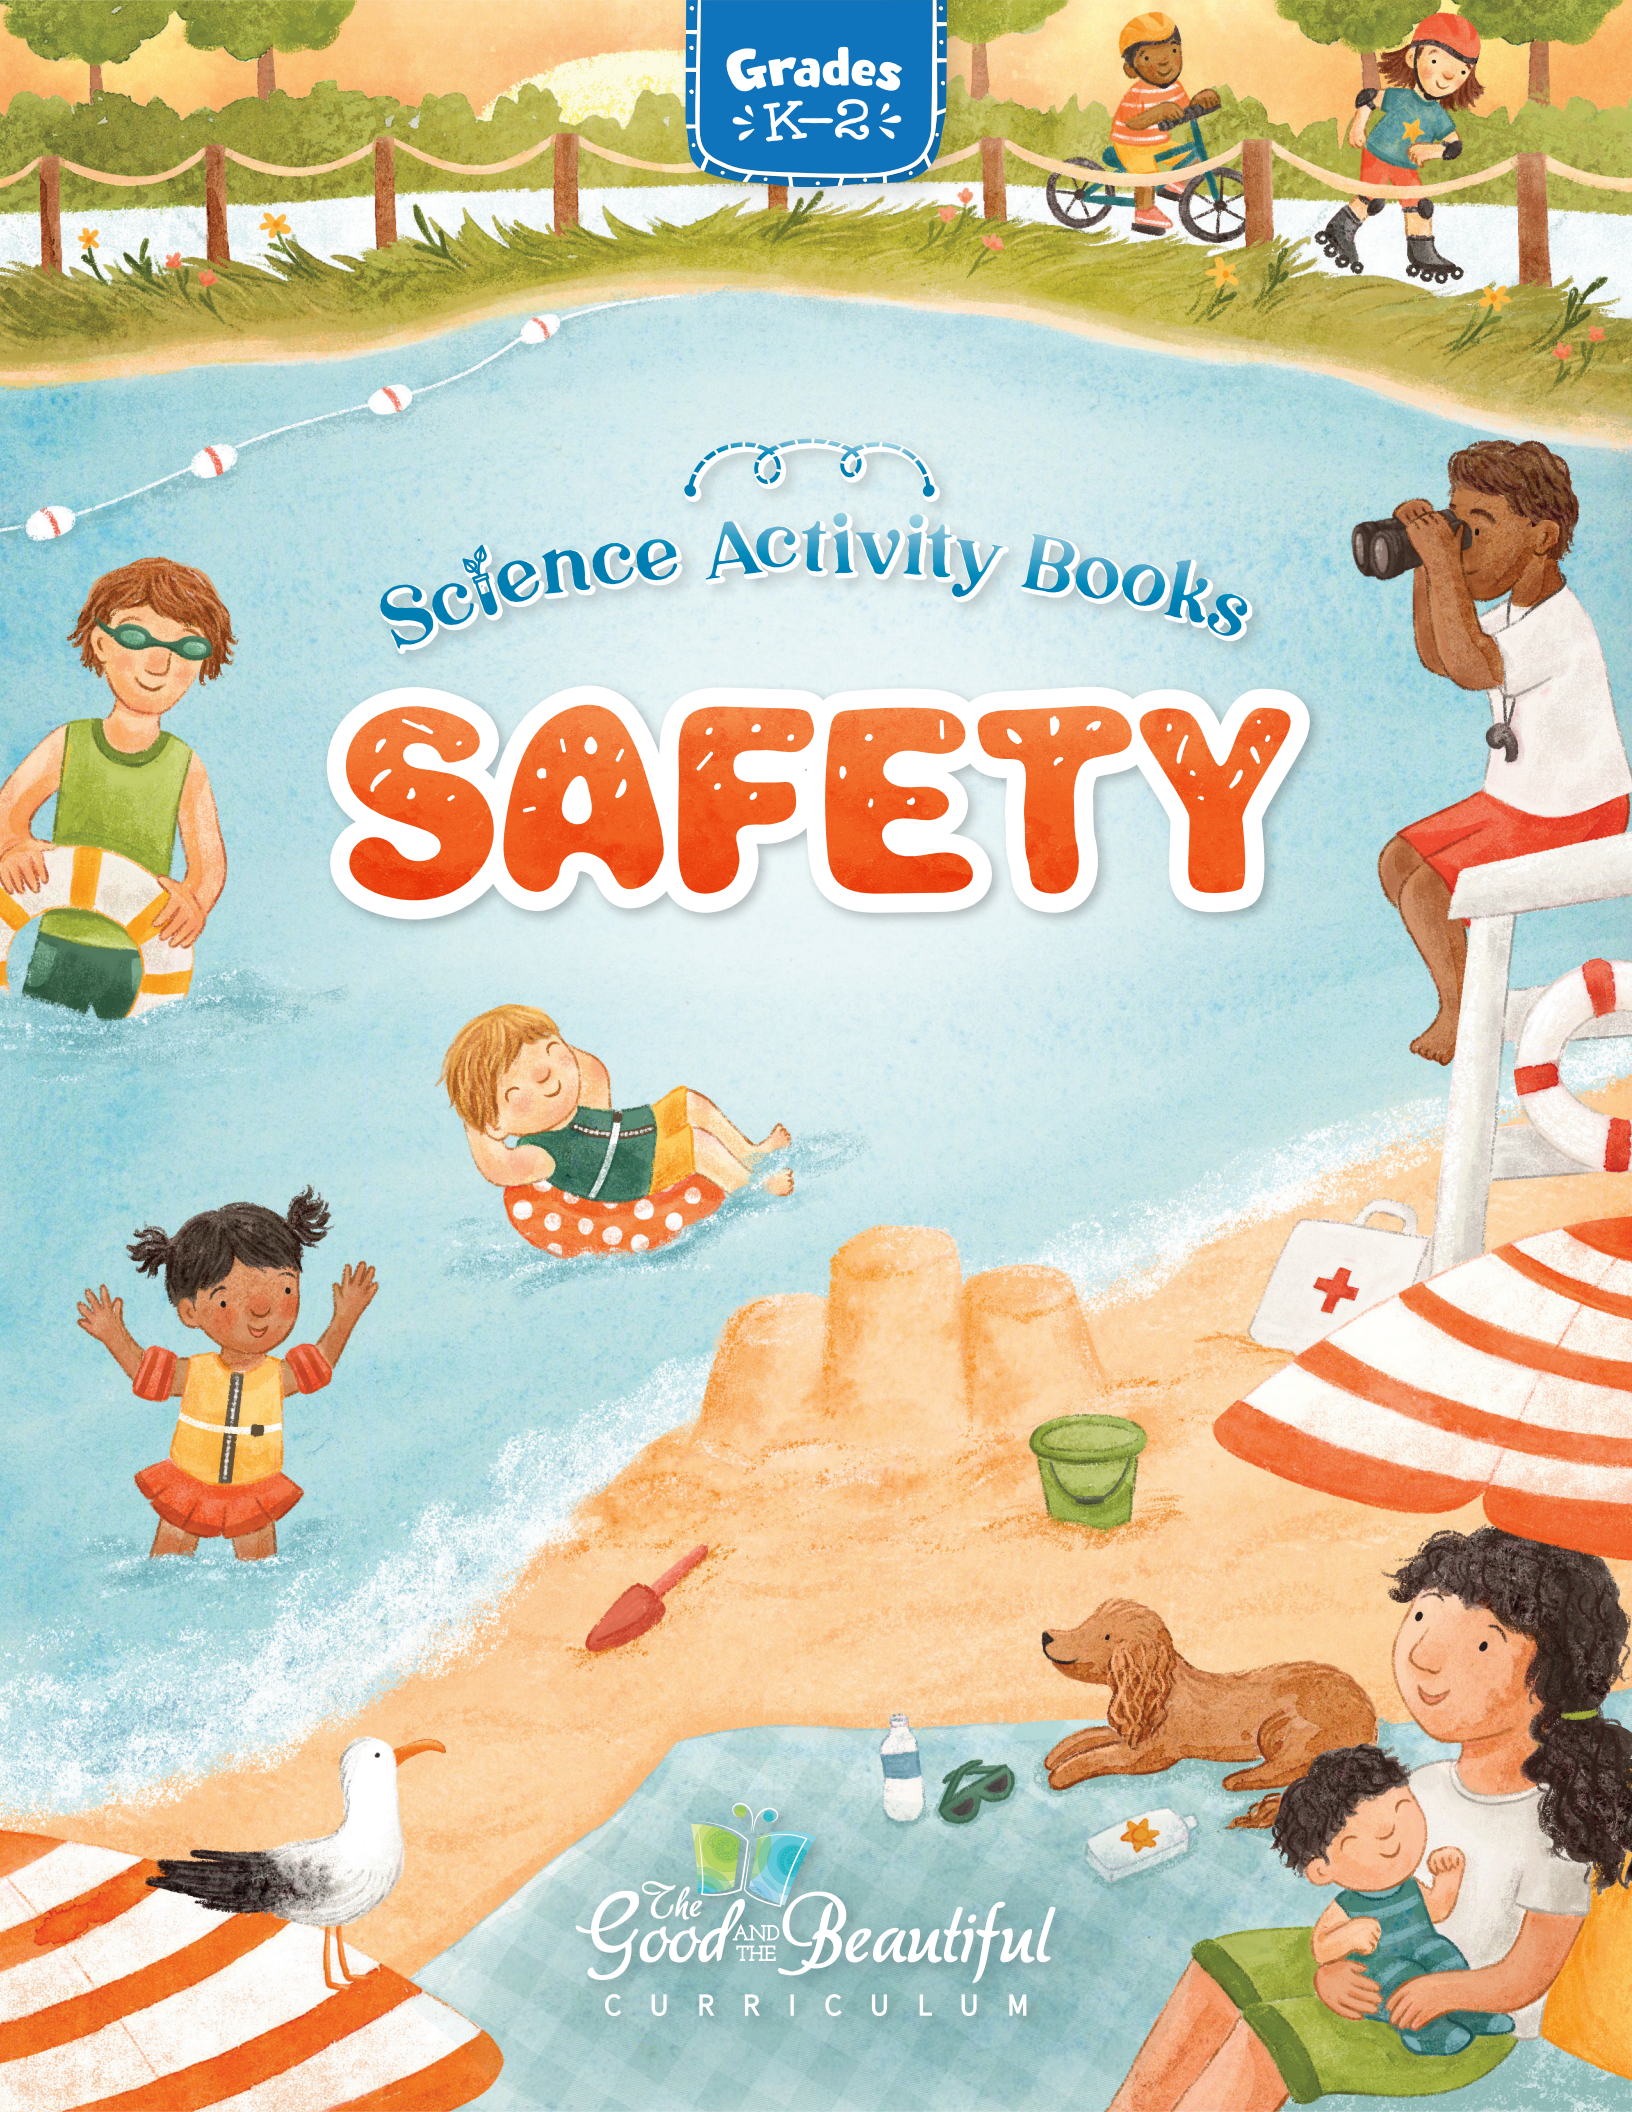

Grades  
K-2

Science Activity Books

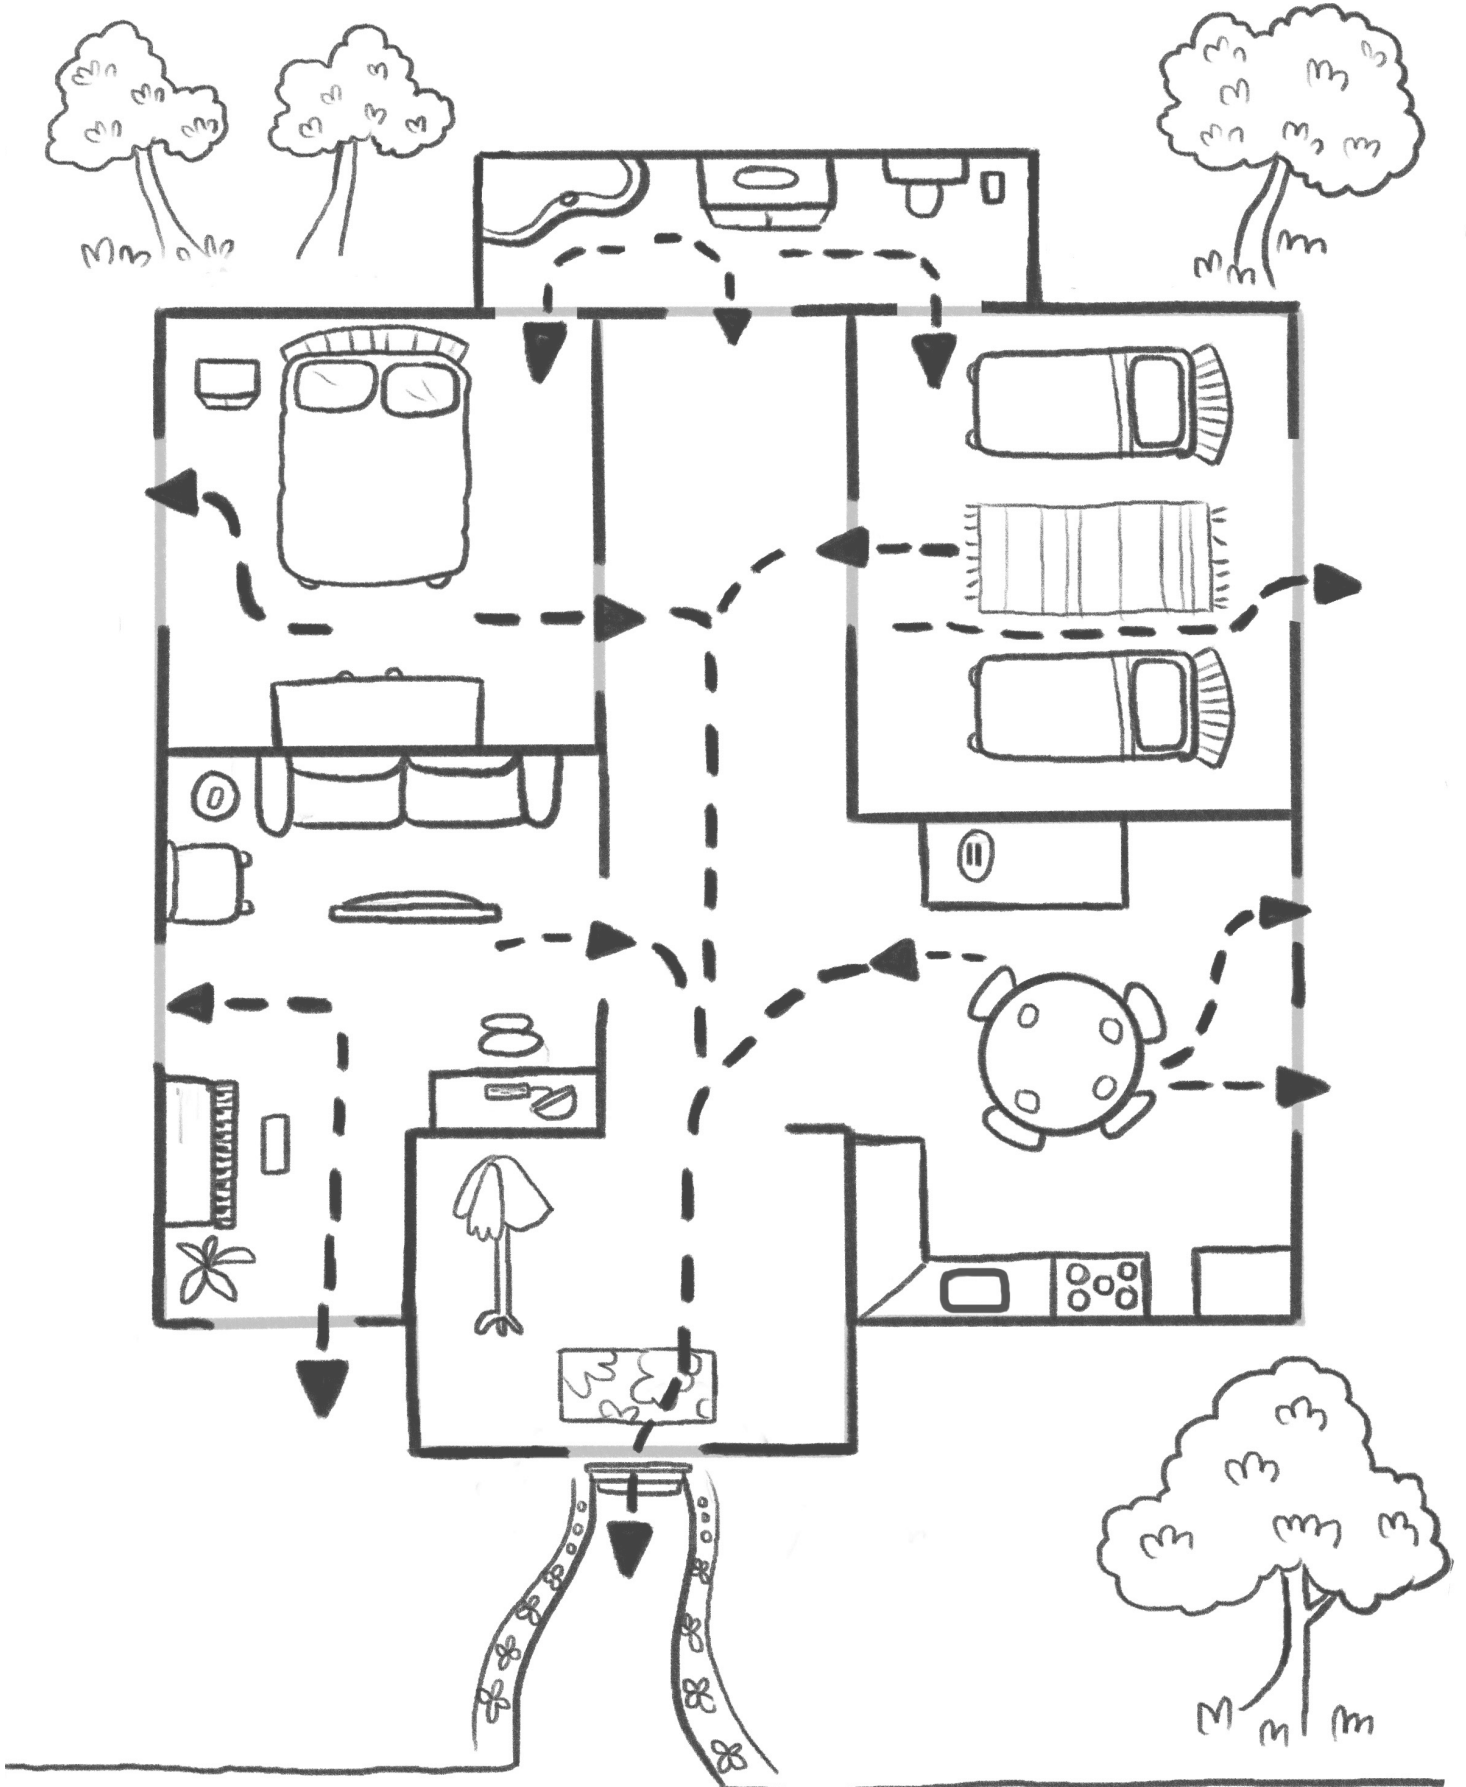

# SAFETY

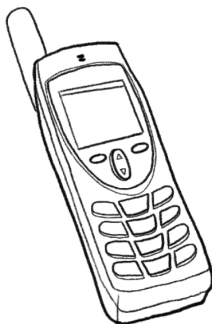

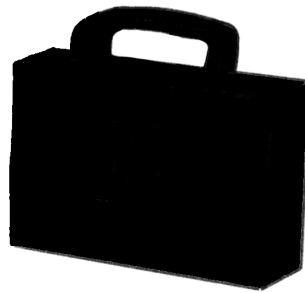

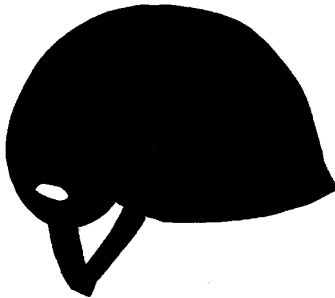

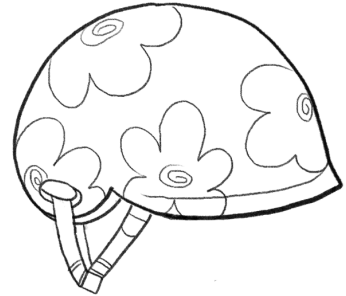

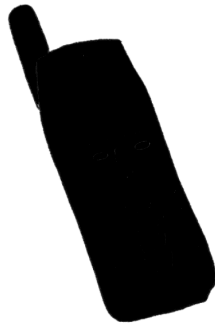

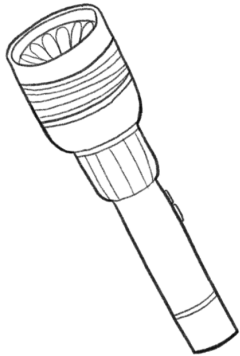

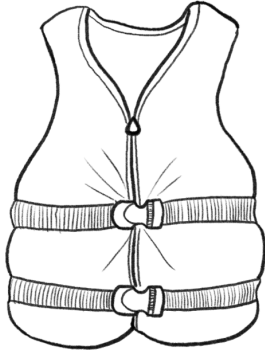

# Lesson 2

Trace the fire safety escape lines. Color the picture.

# Lesson 6

Color each safety object. Then draw a line from each object to its matching shadow.

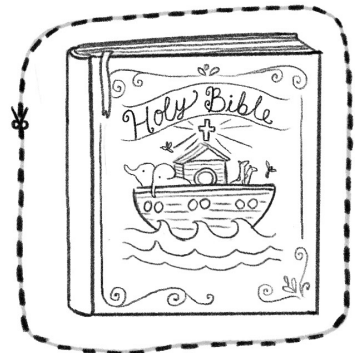

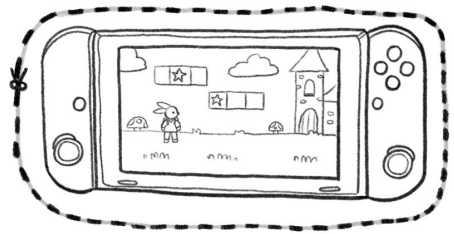

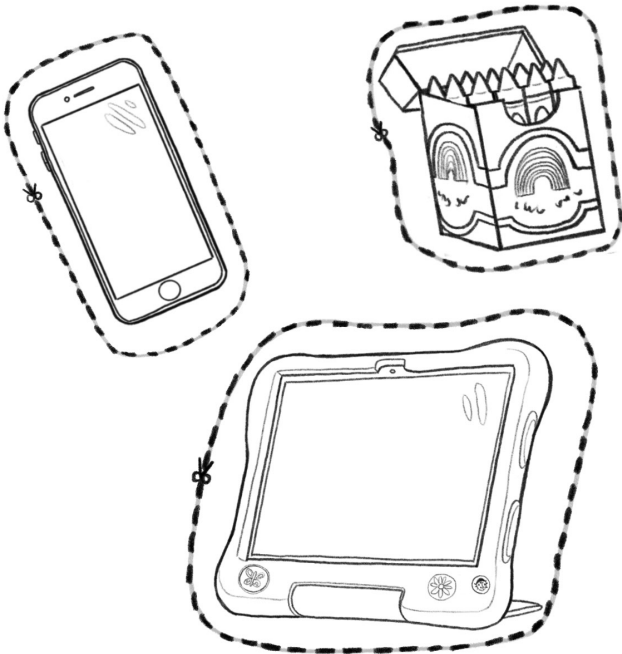

# Lesson 9

Color the pictures at the bottom of the page. Cut out each picture and tape or paste it into the correct rectangle.

## Use Often

## Do Not Use Often
